Acharya Dr. Lokesh Muni eminent Jainacharva and founder of Ahimsa Vishwa Bharti speaking at Parliament of World Religions organised in United States of America on the topic 'Peace Education to end War. Violence and Hatred' said that our present education system only takes care of the physical and intellectual development of children there is curriculum for mental and emotional growth. Advocating the introduction of Peace Education in our education system he said that there is a need to amalgamate moral education in the system

Acharya Lokesh representing Jain religion said that mankind's history is replete with incessant wars and violence but never during any century has it witnessed the unbridled bloody mayhem that accompanied the 20th Century. Lava of violence erupted with unprecedented fury and force that left millions dead in the series of events: two world wars, October Revolution in Russia, Stalin's purge, Mao's Victory, India's partition. Hitler's Holocaust, terrible tragedy in Hiroshima, death tolls in Vietnam and Cambodia and many regional conflicts and genocides have left mankind

paralyzed. Twenty first century started with tragic destruction of World trade center and our life is not safe any in travel modes-planes, bus railway. We are not safe in streets, church, Temple College and any place on this planet earth. I would spare the listeners describing recent shoot out on campus in Oregon and decapitating of innocents and savage assaults on women in some distant land. I arrive to the theme of Peace education to end the evil of war, violence and hatred.

He further said that in order to find effective remedy one has to go deep

## sense of revenge and other negative XII Annual Conference of Rajasthan Association for Studies in English at Central University, Kishangarh

Udaipur : The XII Annual ing Translation as a Literary Conference of Rajasthan Practice, Theory and Praxis of Association for Studies in Translation, Scope and English will be held at Central Relevance of Translation University, Kishangarh. The Today, Translation as Crosstheme of the conference is Cultural Dialogue, Forms of Evolving Facets of Translation: Translation, Human Versus Comparative Perspectives, Machine Translation, Adaptation, and Popular Translation Versus Trans-Creation. The Equation : Author Culture. Director of the Seminar Prof. Supriya Agarwal, Dean, Versus Translator, Self-Translated Versus Else-Faculty of Arts told that the conference theme is very relevant Translated Texts, Emergence of today as we are living in a mul-BhashaLiterature in India, ticultural society and transla-Cinema and Translation, tion is a device to adopt and Translation and Comparatism, honour plural voices of the Folklore, Performance and society. cation in higher classes.

ing from one semiotic system into another and a search for cognate elements across linguistic and other semiotic fields. So the contesting arena of translation holds out potential for extensive research and debate

Prof. H.S. Chandalia, Vice President and Founder of the Association said that the Association was formed in the Department of English, Janardan Rai Nagar Rajasthan Vidyapeeth University during a UGC Refresher Course in 2003. Since then regular conferences have been organized every year in different institu-

tions of the state including J N Vyas University, Jodhpur,

feelings are prompted by brain cells. Since the beginning of human civilization war and violence are with us from the day Cain killed his brother Abe in Biblical story. Man is both dust and divine tells Bible. Jain's 24th tirthanker Mahveer Swami who preached reverence for life and respect for other's view point believed that by right education human behaviour can be transformed in right direction. His contemporary Buddha of axial age believed in peace education. Mahatma Gandhi in 20th century renewed our faith in peace education

Acharya Lokesh said the President Wilson reminded during First World War that the war was the way to the peace. Mahatma Gandhi reminded Buddha's teaching and said: peace is the way to the peace. Member states of United Nations every year allocate substantial portion of their GDP for military preparation and politely classify it as allocation for defense. I urge all the representatives of Parliaments of World Religions to take lead to create public opinion in their respective countries so that government in their annual budgets can allocate fund for peace education. I have not much

time here today to go in details of how curriculum of peace education is designed. They may be designed according to the cultural and religious environments of each society and government. But the goal should be one and only one to end the war, violence and hatred to be replaced with lasting peace and prosperity.

Acharya Lokesh with 32 years of research and experiment has discovered the root cause of war, violence and hatred; he has developed 'Peace Education' program to end these. Acharya Lokesh will presented this program at Parliament of World Religion, he had also presented 'Peace Education' program at United Nations previously. It is noteworthy that representatives from around 80 countries are participating in Parliament of World's Religions organised from 15 to 19 October at Salt Lake City Utah in USA. Parliament of World Religions organised in USA after every four years, Swami Vivekanand ji and Shri Virchand Raghav ji Gandhi made Indian Cultural values and philosophy proud by addressing the first Parliament of World Religion organized in 1893.

## **Achiever's Award** 2015 Ceremony held

#### 12 cases solved of chain snatching in the city

Udaipur : With the arrest of two more persons last Sunday, the Udaipur police claimed to have solved 12 cases of chainsnatching in the city.

Sanjay Singh alias Sattu (25) and Firoz alias Guccha ( 22) were arrested by the police from Parasad village in the district on a tip-off, said Rajendra Prasad Goyal, the superintendent of police.

Sattu is a history-sheeter of the Surajpol police station area. He has cases of assault, loot, kidnapping, theft and chain snatching registered against his name at the police station. Firoz too has cases of loot and kidnapping against his name

During investigations, the police learnt the duo worked as mechanics and is addicted to drugs. Often, they committed crimes to satisfy their need of drugs, the SP said.

## Get Raje's and my property probed by independent panel : Gahlot

Jaipur : Hitting out at chief minister Vasundhara Raje, former CM Ashok Gehlot on Tuesday laid out a challenge and asked for probes into the properties owned by both him and Raje by an independent commission.

Addressing the media at the Congress office, he said, "Why does the property of me and my family and Raje and her family get probed by an independent commission? If they (BJP) have guts, let there be a probe into the 12 years of JDA and UDH department, comprising five years of the Congress government and that of BJP's previous tenure and two years of their present tenure. It will be clear when and how corruption flourished in which government," he said.

He added that it was the Congress government which had worked with transpareners," he further alleged.

cy and introduced several acts such as RTI and right to public hearing. "The Raje government is doing nothing but working with the agenda of political vendetta by trying to implicate Congress leaders in false cases," he said.

"Since the tall claims of Prime Minister Narendra Modi are getting exposed, the BJP is initiating such moves to divert public attention," he said, adding that it would have to face the results in public.

The image of the state had tarnished due to Raje and other BJP leaders, Gehlot said. "The chief minister has no right to interfere in any probe but directions are being given from the chief minister's office (CMO) who, through her 'gang' of close people is directing and pressurizing officers to take steps against Congress lead-
