Children's Day Celebration !!!

"Every child comes with the message that God is not yet discouraged of man"- Rabindra Nath Tagore.

Ryanites enjoyed the day along with their teachers in the school. Yes !!! The birthday of the first Prime Minister of India "Pandit Jawahar Lal Nehru", the most awaited day for every child... Children's Day was celebrated with full zest in the school premis-

The event started with the message of Lord Almighty followed by the cultural activities. Teachers showered their unbounded love with majestic performances.

Through a mime enactment were apprised with the harm of junk food & the importance of healthy food. By a hilarious Kavi sammelan, make teachers depicted the life of students. The tiny tots enjoyed the Boogie Woogi dance show and the melodious music that was played on the instruments in tyeir presentation. Teachers enthralled the audience with a colourful folk Gidda dance from Punjab.

The teachers extended their love by felicitating the students with badges & greetings through cards/bookmarks.

"Every celebration remains incomplete without the sharing of sweetness". Teachers shared delicious cakes with the students

In the celebration, continued the noble cause. Under their community transformation, the Ryanites invited some under-privileged children to spend a day with them. These children had fun races and enjoyed them.

demonetize Rs 500 and Rs 1000 notes is misconceived and will not address the problem of black money for the following reasons:

1. If it is the Government's case that high value denomination currency is used to hoard black money, then the decision to reissue new Rs 500 and Rs 1000 notes does not make sense. Issuing even higher value Rs 2000 note is completely inexplicable and puz-

zlina. 2. Black money is generated through evasion of taxes on income from lawful activities and money generated from illegal activities. In the absence of steps to curb the generation of black money, demonetization is a futile exercise, as it proved to be in 1978.

3. In the last 5 years, IT raids have found that only 5-6% of black money is kept in hard cash. Moreover, those who have amassed sizable black money are equipped to find ways around demonetization by converting their existing cash to bullion, gold jewellery, real estate and foreign currencies through brokers and tion middle-men. in offshore banks? 3. Were BJP leaders and friends given prior information about the impending demonetisation so that they could take pre-emptive measures to safeguard their assets? [The WB unit of the BJP is reported to have deposited a total of Rs 3 crore in Rs 500 and Rs 1000 notes in its bank accounts in the days and hours before the announcement of the demonetisation

A BJP leader posted pictures of wads of Rs 2000 notes much in advance of the demonetisation. A digital payments company printed a full page advertisement lauding demonetisation in a newspaper on the morning following the announcement at 8 pm on November 8, 2016.]

4.Why did the Government announce that cash deposits higher than Rs 2.5 lakh will be scrutinised against the tax

6. What is the cost of demonetisation? [It has been estimated that the cost of replacing currency in circulation with new Rs 500 and Rs 2000 notes will be Rs 20,000 crore. Besides, far greater losses will be incurred by markets predominantly run on cash and the participants (wholesale markets, retail stores, streetvendors, transportation etc)

and in lost productivity.] 7. Even if the Government was intent on demonetisation. why was it not implemented after careful planning: new

notes printed, arrangements made for distribution. ATMs recalibrated etc? [It has been seen that banks are running out of cash within hours of opening and most ATMs are still non-functional.]

8. We are all concerned about the use of money power in elections. Why hasn't the Government proposed state funding of elections? Why is the BJP resolutely against transparency in its own funding by refusing to come under the Right to Information Act? The summary way demonetisation has been effected is leading to a riot like situation in the country. We demand that the Government ensure that common people have immediate access to enough money to pay for their daily needs and health emergencies.

Failing which, we demand the rollback of demonetisation or suspension of demonetisation to enable the common person to make adequate arrangements for daily needs and for more orderly phasing out of the old notes

The role of the Government is to undertake honest tax administration and not to treat the common person like a criminal making him/her stand in line and filling forms to access his/her own legitimate money

Benefit of online payment at PHC and sub-centers

Udaipur: Janani Suraksha Yojana & Shubhlakshmi and Raj Shri Yojana operated by National Health Mission makes online payment easy as the bank account of the beneficiaries to be made online. This information was given by NHM Rajasthan's mission director Naveen Jain at a video conference organized at a state level to officers and personnel of district and section. He directed that for the online payment, it is important to take bank account details of pregnant women even before any pregnancy test. This should not be taken lightly. He directed that if Asha fails to get bank account details before the examinations, the section will not give any incentive to Asha.

Jain said that Asha and ANM must get the Bhamashah card bank details of pregnant women and in case a women does not have a bank account, she be encouraged to open a bank account, so that after delivery, the plans and schemes be paid to the account.

a growing need for intervention strategies that are reflective, robustly designed, and implemented through an innovative and adaptive approach. It is clear that there is an urgent need to address this capacity building challenge by preparing a cadre of rural professionals who are capable of engaging in the rural development sector specially at the sub-district levels; be it through NGOs, government institutions or as elected representatives of the PRIs and/or cluster level federation leaders. IIHMR University and Bharat Rural Livelihoods Foundation (BRLF) today jointly announced the launch of the first batch of the Certificate Programme in Rural Livelihoods the duration of which is of six months. The certificate programme is a residential course which offers a critical, cutting edge understanding of the rural livelihood sector in India and incorporates a strong field based learning approach.The programme combines appropriate knowledge and skill components through a unique yet inclusive capacity building initiative.
