## By the way : Let's Go Human

Truly I mean it.  
Wherever you look , humans are all around.  
But how many are actually human?  
Don't ask others, ask yourself.  
Time has changed, people are getting selfish, absorbed in their own lives.

Before independence we were Indians, now we are divided into castes & categories. Humanity has become rarest to find out. Joint families have become nuclear and their minds are turned into nuclear bombs. No one is ready to adjust.

There are jealousy & selfishness everywhere. Living standard has been increased but mentality has become low.

There was a time when a daughter of neighbour was treated as daughter of everyone. Now sister & brother can't stand for each other.

This is the biggest loss of humanity.

Have you ever seen a lion or tiger saving flesh for next day? There is no bank in jungle in my knowledge.

In all species, only humans have brain but their minds have become destructive. Our mother earth is not secured in our hands.

I think it's time to go human.

Save and earn money but only to fulfil your needs. Don't save for your children. They are born with equal abilities, let them struggle and make their own way.

If we stop thinking about earning more money and comforts for future generations, we would actually save humanity. Money and power make our minds impure and instead of living life, we become greedy and stupid.

Give your children best of education and fill their minds with sincerity and sympathy for weak and poor. Universe is not created for us only, it is created for each and every specie. Money and power can not be taken after birth but humanity can be transferred to future generations.

Think seriously and try to find peace and happiness for everyone. Let's go human to secure our future.

# Three Days Drama Fest concludes with new hopes...

**Vilas Janve -** Chandigarh Sangeet Natak Akademy Chandigarh ,Bhartiya Lok Kala Mandal and The Performers, Udaipur jointly organized three Day Drama Festival at Bhartiya Lok Kala Mandal auditorium from 14 to 16 April, 2017 .

The inaugural play Chanakya was staged by 'Sativk Art Society', Chandigarh jointly directed by Amit Sanoriya and Sarvar Ali. Full of patriotism, this play exhibited committed concern of Vishnugupt Chanakya to bind entire Nation as 'One Bharat' at time of invasion of Alexander.

The strong script of Mihir Bhuta claimed clapping in many scenes. Few actors even made themselves bald to suit the need of characters. That shows their dedication and commitment towards theatre.

The efforts of young team should be appreciated to handle such a difficult classic play, but the direction at all level, i.e. speech, lights, set design, costumes and props required more attention. Most of the actors had speech problems as they used to swallow last one or two words of the dialogue. The pure

Hindi words were real challenge to few actors. Mere remembering dialogue does not impress. Timely punch with required voice modulation is mandatory for such play. Directors should have worked on research and rehearsals. Shivam Dhall as Chanakya put much efforts to live his role and leave impact.

Other artistes Aman Gill, Dr. Rajan, Jyoti Bansal, Kanwar Pal Singh, Rahul Kundra, Raman Deep, Suman Kumar, Raja Subramahnyam ,Durgesh Tatwal, Sarvar Ali and Gursheen Kaur also tried to impress audience. Prashant Dalavi's play "Chahul" was staged as "Aahat" on Saturday evening by 'Khela Natya Sanshthan', Chandigarh. It was a brilliant performance depicting intimate relationship between young husband and wife who are inter cast married and living in metro city. In the blind race for achieving all the physical amenities they do not know when they become part of a deal of higher people who satisfy their lust through generating unnecessary needs in them. The play defines and

redefines meaning of true love, need, agony, faith, adjustments, self confidence promotion, agony, guilt and culture through strong meaningful dialogues. Both the actors Gorki Singh and Namrata Sharma were equally impressive to portray characters of Sameer and Madhavi. They engrossed the audience for entire play of about 100 minutes with different shades of their acting. Namrata Sharma as director displayed her tremendous talent. Many senior, experienced and seasoned Light designers work with young directors and make their play a brilliant performance. Shehzor Ali of Jaipur stands for it. His thoughtful

designing helped play effectively. Music of play was very appropriate and helped to enhance effect. The back stage team of Bhushan, Nisha and Aryan handled their jobs with full care.

'Sharma Dharohar Institute of Performing Arts and Cultural Heritage, 'Yamuna Nagar, Haryana presented concluding and most entertaining play "Bobby Breaker" on Sunday Night.

Adapted from Marathi one act play, this hilarious and educating play was creation of Geeta Agrawal who not only directed but shared responsibility of portraying three different characters. The protagonist Vishwas Joshi stam-

mers.

He is called Bobby Breaker by his friends. He keeps himself busy in playing cross words to avoid any inconveniences.

He has one sided love for Miss Chaudhary who also loves playing crosswords. Because of his stammering he is not able to propose himself. His friend sutradhar helps him sending to Speech Therapist who advises him to talk three new persons daily to overcome his psychological problem.

He encounters many funny situations while trying to talk to strangers. Every situation invokes laughter.

While combating with such embarrassing scenario, Miss Chaudhary gives him support.

Her friend Sudha also motivates him and finally his confidence wins the race. The beauty of play was its simplicity and creativity. Gaurav Prakash live his character with full involvement. He reminds me of Amol Palekar. As sutradhar Chinmay and as Miss Chaudhary Omkar Saini did their best.

Neeraj and Geenta Agrawal handled three roles each but most commendable job was done by Rajendra Sharma who very efficiently portrayed ten different roles like police, parent, shayar, salesman, waiter, boss, singer, patient, anna swami etc. Kulbhushan as child actor impressed. Music by Vikramjeet Bhatt, Lights by Vikramjeet Bhatt, Lights by Kulbhushan Chhabra did their jobs fairly well to make the play a delightful show. Bhartiya Lok Kala Mandal has started attracting drama lovers of the Smart City as it centrally located place.

Congratulations to all the three institutions who have contributed towards developing theatrical activities. This would also encourage the young theatre artistes to come with new productions.

## Lake cleaning on Sunday as usual

**Udaipur:** On 16th April, Lake cleaning organized on Lake Pichola, large amount of aquatic grass, large quantities of household items, coconut, polythene and plastic bottles were extracted from the lake area.

Mohan Singh Chauhan, Ramesh Chandra Rajput, Vijay Maru, Deepak Vyas, Nitin Soni, Durga Shankar Purohit, Sumit Vijay, Tej Shankar Paliwal, Dr. Anil Mehta and Nand Kishore rendered their services in Shramdan organized by Jheel Sanrakshan samiti , Lake Conservation Committee and Mohan Singh Mehta Memorial Trust..

In relation to Shramdan, the lake lover citizens urged the Chief Justice to reconsider the orders of the Supreme Court on the case of hotel in Udaisaragar lake.

Dr. Anil Mehta said that the Supreme Court in October 2014 accepting that the island on which the hotel is being built is outside the sink area, allowing the construction of the hotel. Hey, it is amazing that the same court accepted the revenge, and considering the hotel in the lake, recently in the month of March, it has been ordered to find alternatives to make the way for the hotel.

## The Hidden Hour : Real Escape Game: A Real Brain Challenger

The hidden hour has established itself in a very short period in Gurugram. It's opened in metropolis mall a short while ago.

These days people are crazy for games developed specially for smart phones.

Wherever you turn your head, you can see people playing games on mobiles ,self absorbed and completely indulged in virtual world. The hidden hour has added thrill to people's life by giving brain challenge to solve puzzles in limited time.

This idea is taken from western world and it's quite popular in USA , Japan , Canada and China etc.

An escape room is a physical adventure game in which players solve a series of puzzles using clues, hints and strategy to complete the objectives at hand. Players are given a set time limit to unveil the secret plot which is hidden within the rooms.

The Hidden Hour has bought this concept to the metro city, Gurugram. It's getting popular day by day among the people of Gurugram & Delhi. The game developers have designed the game and paid attention to every single detail.

As soon as you enter inside, you start feeling like a real cop

or a spy to solve the puzzle of Hijacked NCR metro Bomb difusal. It looks like a real situation in which you are trapped and you surely want to come out as a real hero after winning the situation.

I visited this place in January and find it most interesting. First you have to decide your team and plan accordingly. Clues are given to you by the crew and like a fast action movie you start collecting clues. Tunnels, laser lights , ticking sound of clock makes the game really adventurous. Here minds work faster and with each passing second your excitement doubles. I think the most important thing was to develop unity among players. In MNCs or real world, we have to deal with problems in groups.

Real Escape games build up team spirit which helps to solve

the puzzle. I think it can help our children to come out of their shells and enhance their physical abilities.

There are two different games, a treasure hunt and a bomb difusal game. Both are designed with perfection. These games are analytical and compelled you to take challenge and create brain-storm in 60 minutes.

This place is ideal for birthday parties and corporate team building activities. Even friend meet ups and family outings can be planned on weekends to have a fun filled holiday. This is race against time, logical and well planned. Next time whenever you get a chance to visit Gurugram, do visit this place. I bet you will never come across any real situation in a game where you can't take breath till the end.

## Second phase of Surilo Rajasthan over

**Many coworkers painted colors, so many faces disappointed**

**Udaipur:** For the purpose of promoting musical music in Udaipur-Rajasthan and providing a better platform for the emerging artists in the music field, Diggz Productions of Gurgaon is hunting Best Singer of Rajasthan singing for a serial. surilo rajasthan, best singer of rajasthan On Sunday, the second stage audition held in Manthan Auditorium of the Oriental Palace Resort on Sunday.
