**An Interview with Chairman, Bhagwat Singh Babel**

We met up with the chairman of UCCI Excellence Awards Committee 2018, Mr. Bhagwat Singh Babel and asked him some questions about this year's awards. Here is a gist of the interview:

**Q. What is new in UCCI Excellence Awards 2018?**

A. Last year the applications for the awards were received from 8 districts of South Rajasthan. This year the award is going to include 4 more districts: Ajmer, Bundi, Kota & Jhalawar. Besides this, we have some new categories of awards also. Last year the categories were limited to manufacturing sector. This year we are instituting 3 categories of awards for Services sector for small, medium and large enterprises. This award can be applied for by any organization operating in Hospitality, Healthcare, Education and I.T sectors. We also have a new award for CSR.

**Q. You already had an award for CSR last year. Why another one?**

A. Last year we had a single award for CSR. We realized that the scale of CSR activities vary vastly between small & medium and Large enterprises. This is why we separated those two categories this year.

**Q. Who will be sponsoring these new categories of awards?**

A. Secure Meters has agreed to sponsor the Large Enterprises CSR Award and the 3 awards in Services category await sponsors. So, if any of the enterprises out there would like to sponsor these awards, they are welcome to connect with us.

**Q. How can businesses apply for the awards?**

A. We've already circulated the details of the application process. All you need to do is go to our website [www.ucciudaipur.com/excellence-awards-2018](http://www.ucciudaipur.com/excellence-awards-2018) and download the application form for the award category you want to apply for, fill up the details and send it along with the required documents to our email [ucciawards@gmail.com](mailto:ucciawards@gmail.com)

**Q. What will be the theme of the awards this year?**

A. Our committee for the awards have thought about this extensively this year. Members arrived on a theme "Opportunities and Challenges of Family Owned Business" that will allow the audience to ponder whether belonging to a family business is helpful for the new generation or proves to be a hindrance.
