# UCCI Excellence Award - 2018

## UCCI Excellence Awards 2018

### Philosophy

UCCI Excellence Awards are meant to honor the accomplishments, achievements, values and contributions of businesses in pro-growth business practices and outstanding entrepreneurial results in an exciting setting of innovation, networking, education and incredible results, while the lifetime achievements awards are meant to honor individuals for their knowledge, expertise and resources gained through business and using them to create a positive social impact.

Through the UCCI Excellence Awards 2018, the endeavor is to recognize the trail-blazers of business excellence in South Rajasthan with a badge of honor in recognition of their persistence and in implementing smart business solutions.

At the same time providing motivation to aspiring entrepreneurs as well as established SMEs, members and non-members of the chamber alike, to pursue excellence and make a lasting impact of economic growth to the region.

UCCI salutes the deserving business enterprises that display the will to win, the desire to succeed and the urges to reach full potential; some of the hallmarks that unlock the door to excellence.

In the years ahead, UCCI Excellence awards may further evolve. The chamber remains committed to honor other lineages of business enterprises that display operational excellence and superior customer experience with footprints of unquestionable trust, uncompromising integrity and constant credibility.

UCCI contemplates inclusion of sectors like Service Industries, Trade, Startups, Innovation, Young Budding Entrepreneurs etc.

### What are the benefits of submitting entries?

The Awards offer entrants, finalists, and winners experience and opportunities that go beyond that incredible moment of winning. There are benefits to preparing, submitting entries and winning the award. While UCCI Excellence 2018 Award recognizes the current achievements of business, it also opens the possibility of much more in the future.

#### The possibilities are endless -

The benefits of speculating, writing, and supporting your entries themselves are significant. You'll develop succinct, compelling stories of achievement that can be used elsewhere to help tell your corporate story. Reflecting on the goals, strategies, and vision that led to the success of the business and using those insights to drive even greater success in the future will be a significant gain. Consider this as a free Business Health Check which is the key benefit of entering.

The employee-relations benefits can be significant. Boosting the pride and motivation of existing employees and finding it easier to attract top quality talent keen to work in a recognized business. Also, when you submit entries, you're telling your employees that you recognize and appreciate their accomplishments and believe that their accomplishments are worthy of national recognition. Show pride in your achievements and boost the morale of your stakeholders and employees.

The award offers the opportunity of becoming part of an Alumni community of exceptional business people and connecting with others who understand the challenges of being in business. Meet the best businesses from all industry sectors and South Rajasthan region, creating an unbeatable networking experience for you and your business.

Benefit from extensive media and industry coverage across the nation for your business. Winners can expect to receive a good amount of publicity. The Awards' public relations agency will also work to generate national, regional, and local exposure for the category winners.

Finally, you'll have access to the jury's comments about your entries and your business, which themselves may be invaluable testimonials to your success.

## An Exemplary Personality - Hansraj Choudhary

Hansraj Choudhary is a well-known name in Udaipur. He has served in various capacities in the Udaipur Chamber of Commerce and Industries for the last two decades. At present, he is the president.

In a candid chat with Royal Harbinger, he discussed the functioning of the chamber and the UCCI Excellence Award 2018-slated to be held in February 2018.

On the matter of new changes in the UCCI secretariat's working, Shri Hans Raj Choudhary enthusiastically described the digitization of Chamber and its services.

Choudhary said that he has linked the UCCI Secretariat to the major departments and institutions through the online portal. In order to solve the problem of the member units, an Advanced Grievance Management System has been developed within the portal which now allows the affected industry to raise their issues online. These grievances are then screened by the secretariat and forwarded to the concerned departments. In case of no-resolution within stipulated time, a subsequent reminder is sent automatically and emails are copied to the concerned people. The process repeats until the issue is either resolved or escalated to a higher authority.

Furthermore, Mr. Choudhary expressed his ideas of developing the chamber into a hub for startups and entrepreneurship development. Skill development scores highly on his agenda. He told Royal Harbinger that an important MoU with MLSU to set up a finishing school for the skilling the youngsters for professional environment is in the final stages.

Talking about much anticipated UCCI Excellence Awards, Shri Choudhary said that three more categories have been added this year as compared to 2017. For this, a subcommittee has been formed under the leadership of Shri Bhagwat Singh Babel.

### Awards are as follows:

**Lifetime Achievement Award, Vedanta CSR Award (Small & Medium Enterprises), PP Singhal CSR Award (Large Enterprises), Pyrotech-Tempsens Large Enterprise Award (Manufacturing), ArcGate Mid-Corporate Enterprise Award (Manufacturing), Mewar Hi-Tech Medium Enterprise Award (Manufacturing), Singhal Foundation Small Enterprise Award (Manufacturing), Small Enterprise Award (Services), Medium Enterprise Award (Services), Large Enterprise Award (Services) & Mewar Polytex Large Enterprises Award for Services.**

For fair and transparent selection, winners will be selected by an independent Jury Panel comprising of eminent personalities from various domains like Academia, Industry, Administrative, and Financial sectors. Jury members will have no connection whatsoever with the UCCI.

We have constituted a Committee chaired by Mr. Bhagwat Singh Babel, Non-Executive Director of Secure Meters along with a dynamic mix of young and experienced representatives from UCCI members.

The committee includes Nandita Singhal, Director Secure Meters, Manish Godha, Founder Advaiya, Anshul Mogra of Shilpa Trade Links Pvt. Ltd., Anubhav Ladia of Shree Rajasthan Syntex Ltd., Abhinandan Karwa of Anand Talc & Steatite Pvt. Ltd., Rishit Bhandari of Hotel Lake End,

Ankit Agarwal of Geetanjali University and Mr. Tejender Marwah formerly from DIC.

In response to a question, Choudhary said that the Life Time Achievement Award 2018 would be given to the person who has made their identity by working for 25-30 years in the area of giving a new dimension to the glory, development, and entrepreneurship of Udaipur region. The Awards will be presented to the winners in a grand ceremony to be held on 12 February 2018 at Udaipur. The last date for submitting nominations is 31st December

### About Hans Raj Choudhary .....

Mr. Hansraj Choudhary, Managing Director of M/s Choudhary Offset Pvt. Ltd. born on Feb 19, 1970 in Udaipur.
