asked to go back and the tone of the doctor was so harsh that

to come out of the trauma. Some will say that people die in hospitals and the doctor was doing his duty. Duty is important but can't you be polite with those who have just lost their loved ones.

Dead or Alive Let's

find out the truth

We have been told that unless and untill our main organs are working, we are surely Alive. But in my opinion when we become insensitive, we become Dead.

My father's friends stopped coming to our home. Their main agenda was to make my

mother solve the property dispute. They never asked about her health. She was facing the toughest time but no one turned up. Every human being around us had a fear in mind, fear of losing money. They did not want to offer any help.

I don't want to remember ing to be alive and never let our souls die. I don't expect othold davs but I have seen my mother becoming stronger day ers to be like us but at least I by day. We have learnt to live can expect them to be alive for their relationships. and survive in this world but we refused to be Dead.

I request all of you to come up with emotions and decide We helped those who were in trouble. We tried to wipe tears whether you want to be Dead of those who lost their loved or Alive, together with me.

Only one test may Prevent Cancer

Udaipur. Immunization center has been started at **GBH** Memorial Cancer Hospital to prevent uterus can-

cer in women at growing age. This will be the first center of Raiasthan in which women will be treated for mouth cancer of the uterus

Group director Dr. Anand Jha told in a press conference that recently Chairman Dr. Kirti Jain discussed on cancer of

the uterus among women during his Udaipur visit. It was revealed that deaths from the uterine cancer are due to lack of information. It has been observed that maternal mortality rate of 44 per thousand while, the mortality rate of cervical cancer is 65 thousand annually. It can be minimized With investigation and Immunization chairman

Dr. Kirti Jain has decided to free Udaipur from Uterus Cancer without taking any profits as a campaign. women between 9 to 60 years are divided it into two parts and outlined the culture of treatment. Women of 30 and over are more likely to have uterine cancer. By this age, the virus of the uterus becomes acti-

vated or cancer begins to change

Dr. Anand Jha said that vaccination is not possible in women in the 27 to 60 year age group. In such cases, these women will be registered in GBH Memorial Cancer Hospital. They will be able to detect the virus from their HPV (Human Papillomavirus) probe and detect the potential cancer status and it will be cured of uterine cancer by treating it on OPD bases.

Virus eliminates the beginning : Cancer psychiatrist Dr. Manoj U Mahajan said that even after negative results in the HPV test, a woman may end up with the possibility of developing uterine cancer for the next ten years. It needs to be examined again after ten years. On the contrary, women with positive results are given lifelong cancer free by giving them colonoscopy guided treatmentatOPD. Such women are also discharged on the same day. This facility is available only at GBH Memorial Cancer

Hospital in Southern Rajasthan. Apart from this, vaccination will be done at this center to keep women of the age group of 9 to 26 years free from uterine cancer. This three doses of vaccination will prove to be effective in preventing the cancer of the uterus of the uterus of the females. In the press conference, Group Director of Medical Services Dr. Dinesh Sharma said that GBH Memorial Cancer Hospital has

been kept in check and treatment package of uterine cancerfor only two and a half thousand rupees. It will be possible to get rid of the lifetime uterus. In addition to breast cancer. other cancers such as lung cancer, gastric cancer, prostate cancer, including mammography have also been included in the separate package Cancer consultant Dr. Garima Mehta, Dr. Kuresh Bambora, Radiation Analyst Dr. Mamta Lodha and Ashish Sharma were present in the

be held at GBH Memorial Cancer Hospital from 5th to 9th February in honor of World Cancer Day. There will be a discount of up to 25 percent on consultation and up to 25 percent on 3 DCRT, IMRT, and IGRT. It will be treated with all types of cancer including pediatric and medical oncologists, surgical oncologists, radiation analyst. Apart from this, on Thursday, breast cancer veterinarian Dr. Gharima Mehta will provide services.

"Each one Plant One "

Under the vision 'Academics' and 'Environment' of our Respected Chairman Sir, Ryan International School has organized 'Subject Enrichment Activity' for the topic 'Seed Germination' for the classes III to V. Young Ryanites brought decorative pots with soil. They sowed various kinds of seeds of Flowering plants, medicinal plants herbal, ornamental plants etc. Students learnt about vermicompost made in the houses and in the school premises, seed germination, keeping the environment healthy etc. Ryanites had great fun while doing the activity as it was an attractive and informative way to update their knowledge about art and science. Students learnt multiple things with enjoyment.
