“Hindustan Zinc’s vision is to develop 10,000 football players in Rajasthan”, Sunil Duggal, CEO-HZL

For the first time in India, with ‘F-Cube’ Training and Assessment Technology has been launched to develop various skills and strengths of children in football.

Udaipur: Hindustan Zinc officially launched Project “Zinc Football” today to provide professional football coaching to the rural children of Rajasthan who are in the age group of 5-12 years. Hindustan Zinc has built a world class residential Football Academy at Zawar near Udaipur in Rajasthan with state-of-the-art facilities. Logo of Zinc Football was also launched by Sunil Duggal, CEO-Hindustan Zinc, President-Vedanta Football - Annanya Agarwal, IG of Udaipur - Vishal Bansal and Collector of Udaipur - Bishnucharan Mallick. Hindustan Zinc Football Academy is India’s first technology based Academy. The Academy would provide international standard training facilities with ‘F-Cube’ Training and Assessment Technology, the world’s first intelligent and interactive device for football and fitness training, skill assess-

ment, cognitive development, practice and also factor in important parameters like skills, nutrition, physical, psychological and mental development. The Zinc Football Academy will also be equipped with 3 FIFA Quality Turf and also a 7v7 size Natural Grass Ground for training and practice equipped with Team Dugouts. The scouting of Football talent was done by Hindustan Zinc by going in the deep rural areas. 4500 children were scanned and finally 30 children have been shortlisted in the first batch which are fully supported by Hindustan Zinc who have also taken the responsibility of giving scholarships to all the students for their formal education also. Zinc Football intends to train over 2000 passionate boys and girls by fully skilled football trainers through 64 community football centres - Zinc Football Schools, across Rajasthan.

Speaking on the launch, Sunil Duggal, CEO - Hindustan Zinc said, “We at Hindustan Zinc are committed for working towards projects that support the public at large. With the launch of Zinc Football, we wish to establish Rajasthan on Indian football map, and eventually take our country to greater heights in sports. Our vision is to develop 10,000 football players in

Rajasthan and in the next 3 years and emerge amongst one of the top 25 positions in football across the world.” “I was very excited to see Zawar’s ‘Kumar Mangalam Football Tournament’. I saw thousands of people watching matches with great interest. This is when I thought we should develop a full-fledged football academy and scout

young talent and give them world’s latest training and other facilities” Sunil Duggal said. Annanya Agarwal, President, Vedanta Football said, “Being a footballer myself, I am very passionate about football. India has a lot of talent but very little infrastructure. There is definitely a gap between what we need and what we have. This needs to be bridged. Our aim

is to put India firmly on the world footballing map and see India among the top-10 teams in Asia and top-25 in the world within the next five years.” Vishal Bansal, IG-Udaipur said, “I would like to congratulate all the young talented students of Hindustan Zinc Football Academy. I am pleased to see such latest technology being implemented to train the young talent.” Bishnucharan Mallick, Collector, Udaipur said, “Hindustan Zinc has set a benchmark for other corporates as it is working with a lot of vigor and passion in different spheres. I wish them all the best.” Hindustan Zinc has partnered with ‘The Football Link’, one of India’s premier football development organizations with professional expertise in organizing large-scale football initiatives for developing grassroots football in the country. The Founder of ‘The Football Link’

- Chetan Mishra spoke about the ecosystem of sports which is very different in India and abroad. He said, “There is a lot of talent observed in Rajasthan with high endurance, fitness level and speed amongst the children. Our dream is to see young talented individuals play in the world cup.” Hindustan Zinc is India’s only and world’s leading integrated Zinc-Lead-Silver producer. The Company has been associated with sports and has been promoting sportsmen for almost 4 decades when the company made its football stadium at Zawar in Rajasthan in 1976. Since last 40 years, National Football Tournaments are being organized every year at Zawar Stadium. The company has also supported several athletes in the past who have brought numerous laurels for the country in international events.

Dr. Raghupati Singhania, CMD, JK Tyre, conferred with the Highest Civilian Honor of Mexico

Udaipur: Dr. Raghupati Singhania, Chairman & Managing Director, JK Tyre & Industries Ltd, has been conferred with ‘Mexican Order of the Aztec Eagle’, the highest

honour accorded to non-nationals by the Government of Mexico. On the eve of the 128th National Day of Mexico, H.E. Ms. Melba Priá, Ambassador of Mexico to India presented the award to Dr. Singhania on behalf of the President of Mexico. The top honor is in recognition of Dr. Singhania’s exemplary leadership, his noteworthy services towards humanity and his efforts to strengthen bilateral ties between India and Mexico.

Receiving the award, Dr. Singhania said, “I am honored with the recognition that Her Excellency Ms. Melba Priá has conferred upon me. It has been a privilege to have played

a role in creating interest among Indian businesses investing in Mexico. I have fond memories of my first conversation about Tormel with then President of Mexico, Mr. Felipe Calderon, and the rest, as they say, is history. The Government of Mexico has indeed given boost to business by welcoming foreign investment with open arms. It is a reflection of the Mexican Government’s helpful attitude towards industry, something that is worth looking up to for other countries too.”

In 2008, JK Tyre & Industries Ltd expanded its robust manufacturing operations by acquiring Tormel having three production facilities in

Azacapatzalco, Tultitlan and Hidalgo. Under Dr. Singhania’s strategic leadership, the company turned around the facility in the very first year by improving efficiencies and increasing market share across product segments. Over the years, production capacity has been expanded, and Tormel’s global footprint enhanced in North America and the Latin America markets.

The company more recently implemented the first-ever labour restructuring programme in Mexico, at JK Tormel by rightsizing workforce. This was made possible due to tremendous help received from the Government of Mexico, particularly the Labour Ministry.

8th Udaipur Course on Neuro Sciences Update -2018@PIMCH

Udaipur: 8th Udaipur Course on Neuro Sciences Update -2018 Conference concluded with Brainstorming discussion on new diseases and research on brain diseases at PIMCH, Rajasthan Home Minister Gulab Chand Kataria, former Union Minister Dr. Girija Vyas, Founder of Pacific Group, B.R. It is worth mentioning that in this 8th Udaipur Course on Neuro Sciences Update -2018, more than 100 Neuro Scientists participated from various major institutions around the world.

Inauguration Of New Building Of Music Department

Udaipur: Music is like Yoga, it keeps us happy, helps to balance our body’s hormones, to help relieve the body. Music for the entire human species is the gift given by God, it is the chunk of the soul that keeps us mentally and physically healthy. Because music is the light and life of human life. The above views were expressed by Vice-Chancellor Professor Ss Sarangdevot of JRN University while inaugurating the new building. Initially, Registrar Prof. RP Narayaniwal welcoming VC said that there is hardly any person in this world who does not love music. The importance of music in our lives cannot be denied. Not just humans but animal birds also have immense affection with music. Music provides mental and physical peace to humans. Deputy Registrar Riyaz Hussain, HOD Hital Gandharva, Dr. Sanjay Sharma, Dr. Dilip Singh Chauhan, BL Soni, Shivani Sharma, Dr. Rajsheshkar Vyas, Dr. SB Nagar, and other students were present at this juncture.

Released Micro Booklet on Journalism

Udaipur: A brief booklet (40 pages) designed and developed by micro-book maker Chandra Prakash Chittora was released at the one-day National Seminar on Digital Media and Literature

recently organized by Mohan Lal Sukhadia University’s Department of Journalism and Mass Communication. In this micro-book Chittora gave information about the changes in the media and its history in this booklet titled Journalism.

Organized a Journalist meet in Udaipur

Udaipur: Fight Hunger Foundation (NGO working on Malnutrition) organized a journalist meet in Udaipur, with the support of Public Relation Department. In the meet, Mousumi Gupta, HoD Advocacy explained that, around 20% of India’s children under five years old suffer from acute malnutrition—that is 8 million children. Undernutrition kills around 1 million of those children each year and is the reason behind 50% of all child deaths in India. The high percentage of malnutrition has led to the launch of POSHAN Abhiyan by the Govt. of India, which aims to decrease the rate of malnutrition to 25% from 38.4%. Jan Andolan, a very important part of POSHAN Abhiyan under which the government has requested support from the citizens of India, Public Representatives, Panchayat Representatives, School Management, All government Offices, Non Governmental Organizations, Youth and Private organizations to support in building awareness of POSHAN abhiyan and help in forming a Jan Andolan (Public Movement)

In order to give an opportunity to the public to support the Abhiyan, government has declared this month (September) as POSHAN Mah. Media is the best way to reach the public. Thus the meet was an effort to sensitize the media about POSHAN abhiyan and request their support in working for the cause and acting as a medium to create awareness about the abhiyan.

Sanjay Kumar, Programme Manager requested the media to support in building awareness about the abhiyan and thanked the journalists being a part of the meet.
