

# SPSU Commemorates Pulwama Attack Anniversary: Honouring Sacrifice and Valour of CRPF Soldiers

**Udaipur:** The NCC platoon of Sir Padampat Singhania University, Udaipur organized a solemn event marking the anniversary of the Pulwama Attack, commonly known as Black Day.

The event paid homage to the brave soldiers who lost their lives and expressed solidarity with their families. It offered sincere condolences to the families of those who lost their lives and empathized with the individuals who were injured

during the tragic incident that occurred on February 14, 2019. Prof. Dr. Prasun Chakrabarti, Director of Research & Dean International Affairs, Professor Sadananda Prusty, Dean of the School of Management, Lt. (Dr.) D S Chouhan, Associate NCC Officer, Faculty members and students paid tribute to the 40 CRPF soldiers who laid the ultimate sacrifice for the nation. NCC Lance Corporal Suhani Bafna delivered a poignant

speech, reflecting on the bravery and sacrifice of the martyrs.

The event also featured heartfelt recitations of poems, soulful songs, and enactments portraying the valour and sacrifice of the soldiers, which served as powerful reminders of their selfless dedication to the nation.

Lt. Dr. D S Chouhan coordinated the event and the vote of thanks was given by student coordinator Rajat Kumar.

## Neelkanth IVF. Grover emphasizes the importance of addressing infertility issues

**Neelkanth IVF's 21st Anniversary: Infertility Awareness Mega Camp**

**Udaipur:** On the 21st anniversary of Neelkanth IVF in Udaipur, Bollywood actor Gulshan Grover participated in the anniversary celebration and a mega infertility awareness camp. Neelkanth IVF in Udaipur, equipped with state-of-the-art technology, provides fertility treatments including IVF, IUI, ICSI, embryo freezing, and vitrification, along with advanced techniques such as laparoscopic and hysteroscopic surgeries.

Bollywood icon Gulshan Grover attended the 21st-anniversary celebration and

meqa infertility awareness camp organized by Neelkanth IVF. Grover emphasizes the

importance of addressing infertility issues openly and seek-

ing advice from fertility specialists for couples struggling with infertility. He advocates for

breaking the stigma around infertility and encourages cou-

ples to consult fertility experts.

Dr. Simi Sood, the director and senior reproductive specialist at Neelkanth IVF, expressed gratitude for 21 years of service to couples dealing with infertility. She highlighted the increasing awareness about infertility and praised Gulshan Grover for supporting the cause of spreading awareness in society. Dr. Sood stressed the significance of breaking stereotypes related to infertility in society.

Dr. Ashish Sood, the scientific director of Neelkanth IVF, discussed the prevalence of infertility, affecting 10-14% of the population, with 40-50% attributed to male factors. He

emphasized the need for events like the mega infertility camp to raise awareness and provide information about advanced fertility treatments. Dr. Ashish Sood aims to make IVF treatment affordable and accessible to all, addressing the challenges faced by couples with high treatment costs.

Neelkanth IVF, founded by Dr. Simi Sood and Dr. Ashish Sood, is an advanced fertility center accredited by the National Board of Examination (NBE). Driven by a mission to make IVF affordable, Neelkanth IVF has become a modern fertility center catering to couples seeking fertility solutions. The center, with

its advanced fertility technologies, has played a crucial role in revolutionizing fertility treatment in Rajasthan.

The mega infertility awareness camp organized by Neelkanth IVF aims to educate people about male and female infertility issues and dispel myths surrounding IVF. Dr. Simi Sood and Dr. Ashish Sood are dedicated to providing quality fertility treatment, and the camp also offers discounts and special offers to couples facing financial constraints for fertility treatments. The overarching goal is to make fertility treatments accessible and to create awareness about the latest treatment techniques.

## Swarnim University Confers Honorary Degree on Acharya Shri Prasanna Sagar Ji Maharaj

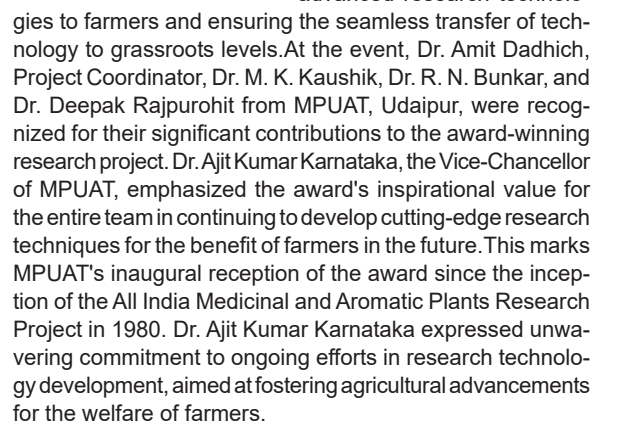

**Udaipur:** The Swarnim Startup and Innovation University in Gandhinagar has recently bestowed an honorary Doctorate in Literature upon His Holiness Antarmana Acharyashree Prasannasagarjee Maharaj, a revered saint of the Digambar Jain clan. Acknowledging his commitment to physical and moral restraint, self-discipline, and spiritual leadership on the path to liberation, the university honored him during a ceremony where Dr. Ragin Shah, Provost of Swarnim University, presented the proposal on behalf of the academic council and the board of management.

Rishabh Jain, President of the University, expressed pride in recognizing the spiritual contributions of His Holiness Antarmana Acharyashree Prasannasagarjee Maharaj, emphasizing the importance of values and innovation. The revered spiritual leader, known for practicing extreme discipline and focus, shared his perspective on the occasion, stating that the degree is a reflection of his good deeds. His Holiness Antarmana Acharyashree Prasannasagarjee Maharaj, renowned for dispelling myths about religion and conducting social reform, practices rigorous penance, including extended periods without food and water. He has delivered teachings in jails, inspiring prisoners to lead moral and values-centered lives upon release. The ceremony marks another milestone in the recognition of His Holiness Antarmana Acharyashree Prasannasagarjee Maharaj's contributions, adding to the accolades he has received over the years, including titles like Acharya Bhadrabahu Maharaj and Tapasvee Samrat. The event highlighted his spiritual practices and dedication, praising the coordination of the university in organizing the ceremony.

## MPUAT Wins National Award for Medicinal Plant Research Excellence

**Udaipur:** Maharana Pratap University of Agriculture and Technology (MPUAT) in Udaipur has been bestowed with the prestigious 2021-22 National Award for the Best Medicinal and Aromatic Plant Research Project by the National Research Directorate of Medicinal and Aromatic Plants. Dr. Arvind Verma, Research Director at MPUAT, shared that the university, among 26 such research centers nationwide, earned the recognition for its exemplary contributions in pioneering research techniques, innovative studies, farmer training, and technology dissemination. The accolade was presented during the 31st Annual Review Meeting organized by Narendra Dev Agricultural and Technological University in Kumarganj, Ayodhya, Uttar Pradesh, from February 7-9, 2024. It commends MPUAT's commitment to introducing advanced research technologies to farmers and ensuring the seamless transfer of technology to grassroots levels. At the event, Dr. Amit Dadhich, Project Coordinator, Dr. M. K. Kaushik, Dr. R. N. Bunkar, and Dr. Deepak Rajpurohit from MPUAT, Udaipur, were recognized for their significant contributions to the award-winning research project. Dr. Ajit Kumar Kamataka, the Vice-Chancellor of MPUAT, emphasized the award's inspirational value for the entire team in continuing to develop cutting-edge research techniques for the benefit of farmers in the future. This marks MPUAT's inaugural reception of the award since the inception of the All India Medicinal and Aromatic Plants Research Project in 1980. Dr. Ajit Kumar Kamataka expressed unwavering commitment to ongoing efforts in research technology development, aimed at fostering agricultural advancements for the welfare of farmers.

## Biotech Students Explore Tissue Culture Lab

Students from Bhupal Nobles World University's Biotechnology department in Udaipur visited the Plant Tissue Culture Unit at Mohanlal Sukhadia University. Under the guidance of Assistant Professor Dr. Amit Kumar Gupta, they delved into plant tissue culture techniques and explored the central instrument laboratory, gaining practical insights into various tools. Dr. Dinesh Kumar, Head of the Biotechnology department, highlighted the invaluable hands-on experience gained, acknowledging the efforts of Dr. Vineet Soni, Head of the Botany Department, for the successful organization of the tour. The visit enhanced students' practical skills and understanding of laboratory operations.

## Paras Healths Revolutionizes Knee Surgery

**Udaipur:** In a groundbreaking move, Paras Healths in Udaipur has introduced state-of-the-art surgical technology, the Meril Cuvix Joint Ortho Robot, for total knee replacement. The inauguration ceremony saw the presence of Tara Chand Jain, a Member of the Legislative Assembly, philanthropist Bhavnar Seth, along with Dr. Abel George, Dr. Ashish Singhal, and Dr. Anand Gupta as special guests.

Tara Chand Jain commended the hospital's efforts, particularly incorporating robotic technology in knee replacement surgeries. He highlighted Dr. Kamal Mridu's compassionate approach, providing patients with significant relief. Paras Healths has thus set a new standard in patient care and support in the medical field.

Bhavnar Seth shared his experiences, underscoring Paras Healths' unique patient-centric approach and suggesting that other medical facilities should adopt similar practices. He emphasized the importance of creating an environment where patients actively participate in their treatment.

Dr. Anand Gupta, alongside other physicians, shared their insights during the event.

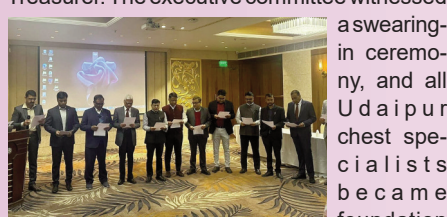

Paras Healths, Udaipur, has introduced the "Meril Cuvix Joint Ortho Robot," an advanced technology for total knee replacement surgeries. This cutting-edge technology, available in only a few hospitals across India, ensures minimal pain, precise treatment, and rapid

patient recovery. The hospital recently achieved success in a total knee replacement using robotic surgery on a patient named Rakesh Kumar. Dr. Abel George, Facility Director at Paras Healths, Udaipur, explained that this advanced robotic surgery technology is highly convenient, resulting in minimal pain, quick recovery, and a reduced risk of infection. The hospital aims to provide the best medical services to the people of South Rajasthan.

The introduction of robotic technology in knee replacement surgeries by Paras Healths has set a new benchmark for medical care, offering patients a faster and more precise solution to their orthopedic concerns.

## Udaipur Chest Foundation: Advancing Chest Medicine Research

**Udaipur:** Dr. S.K. Luhadia leads the Udaipur Chest Foundation, with a team including Dr. N.K. Gupta and others. The foundation, dedicated to enhancing chest medicine research and continuous medical education, held its inaugural event. Dr. Anand Gupta, President of the Indian Medical Association, Udaipur, joined as Treasurer. The executive committee witnessed

a swearing-in ceremony, and all Udaipur chest specialists became foundation members. A quiz for postgraduate students in chest medicine highlighted Dr. Sarthak Jindal securing the top position. Dr. Gaurav Chhabra discussed CPD, and Dr. S.K. Luhadia presented on chronic cough causes and treatment. The

event drew active participation from 60 specialists and students.

## Basant Panchami Radiance at PMCH

Pacific Medical College and Hospital (PMCH) in Udaipur shimmered with joy during the vibrant celebration of Basant Panchami. The campus echoed with festive spirit as Dr. A. P.

Gupta, Vice-Chancellor, Dr. Vinodini Varahade, Additional Principal, and Dr. Rajrani Sharma from Obstetrics and Gynecology, joined dignitaries in a ceremonial prayer to Goddess Saraswati. Floral tributes were offered, seeking blessings of wisdom. Students pledged to uphold mental and physical well-being, inspired by Goddess Saraswati's presence. The event, attended by students, faculty, and staff, highlighted the importance of holistic health, fostering a cultural and spiritually enriched atmosphere at PMCH.

## Sight Restored: 6-Year-Old's Miraculous Recovery

In a remarkable turn of events, a 6-year-old child from Rajasthan, who lost vision in one eye due to a bird attack, has successfully regained sight after a groundbreaking operation at Geetanjali Hospital. Despite unsuccessful treatments in other hospitals, the parents turned to Geetanjali Hospital's renowned Eye Department. Led by Dr. Rishi Mehta, the expert team performed a complex operation, repairing the corneal tear and restoring the child's

eyesight. The hospital's advanced technology and skilled medical professionals played a pivotal role in this heartwarming recovery, showcasing Geetanjali Hospital's commitment to excellence in healthcare.

## Pacific Institute Promotes Road Safety Heroism

The Pacific Institute of Fire and Safety Management organized a seminar titled "Be a Hero in Road Safety" in Udaipur. Dr. Mukesh Shirmali, the institute's Director, shared insights, while Mr. Kuldeep Sharma (Additional District Judge and Secretary, District Legal Service Authority) and Mr. Adarsh Kumar (Traffic Inspector, Rajasthan Police) were the main guest and keynote speaker, respectively. The event began with a lamp lighting ceremony before Goddess Saraswati's idol.

Professor K.K. Dave and Dr. Mukesh Shirmali emphasized the importance of safety and traffic rules. Mr. Kuldeep Sharma discussed the scientific aspects of traffic rules, and Mr. Adarsh Kumar focused on accident prevention measures. The seminar aimed to raise awareness and promote responsible road behavior among students.

## Importance of Surya Namaskar for Mental and Physical Health

**Kota (KD Abbasi):** On Surya Saptami, a collective Surya Namaskar event was organized by Motion Education at their corporate offices—Daksh, Drona, and Dhruv Campus. Thousands of children, staff, and management participated in this group Surya Namaskar session, guided by yoga instructors. The event emphasized the significance of Surya Namaskar for mental and physical well-being.

During the event, Chairman of Motion Education, Surendra Vijay, explained that Surya Namaskar involves saluting the sun god 12 times in 12 postures. The sequence includes Pranamasana, Hastottanasana, Hastapadasana, Ashwa Sanchalanasana, Parvatasana, Ashtanga Namaskara, Bhujangasana, Adho Mukha Svanasana, Ashwa Sanchalanasana, Hastapadasana, and more. For beginners in yoga, practicing Surya Namaskar is an excellent way to start, as it encompasses the benefits of 12 yoga postures in one.

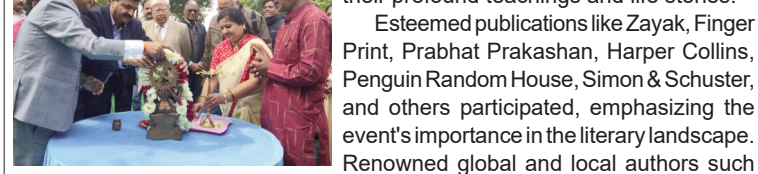

Motion Education's Founder and CEO, Nitin Vijay, highlighted that yoga asanas provide the body with the correct alignment, keeping the mind calm and healthy. Surya Namaskar helps in weight loss, improves digestion, and maintains elasticity in the body. Regular practice of Surya Namaskar ensures proper posture and alleviates neck, back, and shoulder pain. The event also extended its support to district-level programs at Maharao Umed Singh Stadium, contributing to the promotion of yoga and a healthy lifestyle.

## Farmers Learn Advanced Mushroom Cultivation

**Udaipur:** Under the Agricultural and Technological University of Maharana Pratap, Udaipur, the Research Directorate organized a one-day successful training on mushrooms as part of the Scheduled Caste Sub-Plan in the Falasia Panchayat Committee of Panarwa Gram Panchayat. A total of 25 trainees from the Scheduled Caste community participated in the training. Dr. Narayan Lal Meena, the project in-charge, provided detailed information about the qualities, importance, and cultivation of mushrooms during the training. Lalit Kumar Garasia shared insights into the utility of crop-related products, while Avinash Kumar Nagda and Kisan Singh Rajput provided practical technical knowledge to the trainees.

## Literary Extravaganza: A Diverse Celebration of Books

The literary extravaganza unfolded a diverse panorama of books, pleasing bibliophiles with an extensive selection across genres. The showcase included self-help, non-fiction, fiction, science fiction, crime mystery, business, biography, classics, Hindi novels, spirituals, mythology, young fiction, encyclopedia, and children's books. Noteworthy was the exclusive exhibit of Swami Vivekananda and Swami Ramakrishna's literary works, complemented by a captivating CD photo exhibition unveiling their profound teachings and life stories.

Esteemed publications like Zayak, Finger Print, Prabhat Prakashan, Harper Collins, Penguin Random House, Simon & Schuster, and others participated, emphasizing the event's importance in the literary landscape. Renowned global and local authors such as James Clear, Amish, A.P.J. Abdul Kalam Azad, J.K. Rowling, and Yogiraj Yogi enriched the shelves, offering a diverse literary journey encompassing wisdom, fiction, and spirituality. Local talent, including Vishnu Harihar, Rameshwar "Ramu" Jitendra Nirmohi, and Dr. Vivek Mishra, contributed to the rich tapestry of works. An exhibition featuring over 100 local writers celebrated the literary richness within the community. Major book sellers like Jaya Book World and Anecdote Publications played a pivotal role in making literary treasures accessible. The event served as a vibrant convergence point for readers, writers, and publishers, fostering a shared appreciation for the written word and diverse voices in literature.
