

Human right violation: core issue of Tibetans

Udaipur: The Executive members of Tibetan Women's Association, Central from Dharamshala, Himachal Pradesh with the "APPEAL" to support the cause of Tibet and safeguard the Human Rights of the Tibetans in Tibet met media persons in Udaipur's Tibetan market Kalsang you don (vice president) & Thupten Lhamo (staff-accountant) spoke about the issue like Human Rights Violation in Tibet, The Missing 11th Panchen Lama of Tibet and The Present situation of Tibet's Environment. They further told about the historical background & the core issues.

Tibet is situated at the heart of Asia: North of India, Nepal, Bhutan, and Burma, West of China and South of East Turkistan. Tibet, commonly known as the "Roof of the World" is the highest plateau with an average elevation of more than 4500 meters above the sea level. It is one of the most environmentally strategic of the continent with a total land area of 2.5 million square kilometers close to two percent of the land surface of the planet. For more than centuries, Tibet with its three administrative regions, Dotoe, Dhomay, and U-Tsang existed as a Sovereign Nation. The communist Chinese invaded and occupied the country in 1949 and today China refers to Tibet as "Tibet Autonomous Region" (TAR), which was created in 1965 comprising U-Tsang and western part of Dotoe or Kham.

The Chinese invasion of Tibet has resulted in the death of more than 1.2 million Tibetan people, out of a mere 6 million total populations. Since the Chinese occupation of Tibet by armed forces, from the 1950s, China persistently and deliberately continued to violate the human rights of Tibetan people in Tibet despite widespread disapproval and criticism from the international community. Tibetan people are thoroughly and continuously denied their right to self-determination. 155 Tibetans have self-immolated in Tibet Since February 27, 2009. This was the only way to wake up the people of the world to act and safeguard the human right in Tibet.

The ongoing human rights violations are enabled and completely authorized by the Chinese government. Multiple campaigns

are designed by the Chinese government to undermine Tibetan nationalist struggle. Chinese Government at the same time have implemented policies to expunge and Sinicize Tibetan language, religion, culture and customs. Chinese, in order to limit international exposure to the human right violations in Tibet, exercised strict management and supervision of information entering and exiting Tibet.

400 Blankets Distributed to needy

Workshop on GST Accounting and MS Excel

Udaipur: A seminar at College of Commerce and Management Studies of Mohanlal Sukhdiya University a three-day workshop on GST accounting and excel for B. Walk (ATA) students was organized. Prof. D. S. Dr. Neeraj Rawat inaugurated the workshop while Prof DS Chundawat graced the seminar as a special guest.

B. Walk Program's convener Pro. SS Bhanawat, while Welcoming the guests highlighted the economic inequality in the society and stated that in the assessment year, 2017-2018 only 7 percent of taxpayers paid 91 percent tax and 93 percent taxpayers paid only 9 percent. This economic inequality expresses unemployment occupied in society, so by developing its skills in the field of accounting, economic inequality can be eliminated to a great extent. Such workshop plays an important role.

Dr. Neeraj Rawat, placement coordinator of the MLSU as a special guest highlighted the importance of communication in the development of the students and the development of the students.

Aishwarya College Principal and Former Assistant Professor of Commerce Management Studies D. S. Chudawat said that students should continue to do an independent analysis. He also recommended this course to be upgraded to a postgraduate level. Program President Prof. G. Soral encouraged the students to perform better.

He said that for the development of B-Walk program an additional grant has been approved under the RUSA grant of the Ministry of Human Resource Development. The operation was done by Dr. Shilpa Wardia while the vote of thanks was delivered by Pushparaj Meena. Assistant Professor of Accounting Statistics, Dr. Asha Sharma and Dr. Shilpa Lodha were also present on this occasion.

After the inauguration ceremony, three technical sessions were organized. The chief speaker of the first technical session, Hemant Kadunya of Govt college Mandifia, Chartered Accountant Chirag Dharmavat, & Chartered Accountant

Ritesh Parakh was the keynote speaker of the second and third session.

Jaitley to release Dr SC Vats' book 'Wide Angle: Wildlife in Pictures'

New Delhi: Union Finance Minister Arun Jaitley released 'Wide Angle: Wildlife in Pictures' an edited book containing wildlife photographs by Dr SC Vats on Saturday, December 22.

Best known to the world as a sincere legislator and founder of the prestigious house of learning—Vivekananda Institute of Professional Studies (VIPS), in New Delhi, Dr Vats has an eye for the camera, which is amply proved in 'Wide Angle: Wildlife in Pictures.'

Dr Vats' engagement with nature has not been limited to the periphery of the wildlife but travelling to the heart of Indian's some of the best kept forest reserves—Gir in Gujarat, Ranthambore in Rajasthan and Bandhavgarh in Madhya Pradesh.

Extra-ordinary pictures of Dr Vats with a strong message about the need to save the wildlife are suitably woven with well researched write-ups. The book containing breath-taking photographs and an exceptional narrative tells the readers how to put into practice Swami Vivekananda's teachings on education. Dr Vats is an ordained disciple of the Rama Krishna order, founded by Swami Vivekananda.

What a better tribute to Swami Vivekananda that this book is being released at a time when the world is celebrating the 125th anniversary of Swami's address to the Parliament of World Religions in Chicago in 1893.

"This book presents what wonders young minds can do with the legacy they inherit from the elder generation. This book tells us how to put into practice Swami Vivekananda's teachings on education. The book also gives a call to action of saving our wildlife," says Dr Vats.

A Ramp Show For Special Souls

Mumbai: The Fashion Show for the Special Souls was an initiative of the Lions Club of Juhu & Leo Club of Juhu. The cause of the specially-abled children & youth has been very close to the heart of the Lions Club of Juhu.

Audiologist-Speech Therapist Lion Devangi Dalal had been instrumental in the organizing and in the execution of this special show. Powered by Hyatt Regency, Mumbai, the hearing impaired kids from Sadhana Vidyalaya, supported by Josh Foundation, mentally challenged kids from Dilkhush Special School, physically handicapped kids from Little Angel School, Khar, including blind girls, supported by NAB, was a part of this special ramp walk with celebrities such as Aditi Sharma, Rahul Sharma, Rishina Kandhari, Shadaab Faridi, Manisha Saxena, Kiran Rajput among others including club members. The man behind choreography and the exquisite clothing designs was celebrity designer Aashish Dwyer.

"Let's do away with myths and misconceptions dealing with any handicap. Let's give them a quality life by enhancing their potentials. Let's learn to live life as bliss and learn to face challenges like them. They're a part of our society and let us get together in nurturing a better future for them," imparted President Lion Raj Wankawalla, Lion Rajesh Rasaniam, Mamta Parekh and Riddhish Shah.

The specially-abled kids defied all odds and overcame crippling limitations & taboos placed by the society, to develop into gifted individuals. This fashion show carried a social message that was reflected by these special souls. The event showcased that they are second to none, as they walked the ramp, hand in hand, with celebrities & members.

Audiologist-Speech Therapist Devangi Dalal has the final word. "Every individual, whether normal or handicapped, has the potential to do something extraordinary. We just need to help them explore it so they can do better than normal individuals. In today's world, moral support and security is crucial. The feeling of someone being there for you itself makes an individual more confident. This is my thought process."

Smart road from Saras Dairy to Balicha...

Udaipur: UMC has issued a tender for construction of a smart road from Saras Dairy to Balicha Chauraha under the Smart City project.

The tender for Rs 20.84 Cr has been released by Udaipur Smart City Company for the same. The smart road will include a cycle track, service road, bus shelter and light poles. There will also be separate lines laid for cables, electric line, sewerage and water supply. Provision for duct for home lines will also be provided.

Set to start again boats for NEHERU GARDEN

Udaipur: After a two year break, boats are likely to start again to Nehru Garden situated in Fateh Sagar lake. This is part of a tender that is being released by UIT for running the boats at Fateh Sagar lake.

This is the first time that the boats will be run under the aegis of UIT. Earlier it was under the purview of UMC, PWD and RTDC contractors.

UIT has initiated the tendering process for operating boat services from 3 places at Fateh Sagar. Tendering process has noted the following places for operating the boating services: a) opposite Moti Magri gate, b) opposite Mumbaiyya Bazaar and c) opposite Guru Govind Singh Park.

Boats for Nehru Garden will be run from the jetty opposite Guru Govind Singh park. Boats from rest of the two jetties will be for giving tourists a ride around the lake. It is estimated that the three year tender will give revenue of around Rs 5 Crores per annum.

Hindustan Zinc hosts 1st All India Mines Safety, Cleanliness & Silicosis Awareness Week 2018

Udaipur: Under the aegis of Directorate General of Mines Safety, to discuss the safety & security systems & procedures in underground mines, and to minimize the risk of Silicosis, Hindustan Zinc hosted 1st All India Mines Safety, Cleanliness & Silicosis Awareness Week 2018 in December, 2018. The closing ceremony was held on 16th December, 2018 at Rajpura Dariba Complex, Rajsamand.

During the event, the Chief Guest, P.K. Sarkar – Director General of Mines Safety (DGMS) said that everyone is aware that the mineral resources are limited and non-renewable. It becomes imperative to make its best use and introduce scientific methods of mining along with highest safety standards.

In order to minimize the risk of disease like Silicosis and to ensure safety of people working in mines, it is important that every individual takes the responsibility. We all need to work jointly towards achieving Zero Harm and Zero Tolerance towards accidents.

As a part of their visit, P.K. Sarkar – Director General of Mines Safety (DGMS) and other mining professionals from across the country met Hindustan Zinc CEO – Sunil Duggal and discussed about the issue and the way forward on safety standards, silicosis and cleanliness in mines in mining industry as a whole in India. CEO informed DGMS about how Hindustan Zinc is becoming a technology driven company and how innovation & technology will help drive next generation of production, cost optimization, safety and communication inside the mines. On the occasion, Laxman Shekhawat – COO Mines, Hindustan Zinc informed mining experts, who had traveled from across India, that India has over 40 mines operational, out of which only 20 mines are fully mechanized. It is important for all of us to learn and implement each other's best practices in their respective mines.

We need to leverage the best technologies and innovation in operations while excelling in safety performance. Safety is most important and Hindustan Zinc never compromises with safety. Silicosis is a chronic disease and everyone should be aware of its prevention, symptoms and cure.

The event also recognized 150 mining professionals who had participated in a competition on mining and safety.

Being the first of its kind event organized in India, host Hindustan Zinc will always remain as a milestone in the efforts towards safety standards and fighting silicosis in mining industry across India.

Biggest Talent & Fashion Show exclusively by Differently Aabled
