

Children are not voters that's why not heard in democracy: Dave

Neither separate police stations, nor effective laws, & separate courts

Controversy regarding death of children in hospital is in lime light but No body is Ready to take Responsibility. Only Political game is going on. Story of justices dave recalled me After long time he demand separate courts, effective more laws and separate police station for children's.

Children are Not voters that's why not heard in democracy Additional District Judge No. 2 Udaipur Mahendra Kumar Dave said before High Court Judge Honble DR Justice Pushpendra Singh Bhati on the occasion of Samidha Bal Ashram, function organized long back.

Today's life is very much responsible for the problems faced by children. Justice dave said that 42 percent of Rajasthan populations are

children is below 18. just governs by 10 to 12 rules. More over 1765 police stations with One lack's plus policemen. 1250 judges are running various courts. There are different types of courts in Rajasthan for various crimes and problems, including the Court of Revenue, Tenancy Act, PCPND, Family Court, Court of NI Act, Court of Railways but there is no separate court system for children. Nor there is any separate police system Right now, the JJB Court of Children is working three days a week, which is insufficient. Because there is no one to ask on behalf of children, there is a lack of people who understand the human mind of children. Because even after having such a large population of children, there is no one to understand their pain and suffering.

In the presence of High Court Judge DR Justice Pushpendra Singh Bhati, Justice Dave demanded that today, considering the pain of children at the ground level, the law should be made according to

their needs. Because children are not born alive, we do not give them choice. Children should have the freedom to fulfil their wishes, parents should not impose their wishes on children. By repeatedly interrupting the children, there is a feeling of frustration in him. He does not want to speak to the parents. The child stops eyeing the parents due to the habit of interrupting.

The child makes an excuse to get up late from the parents.

Spending more time in the toilet starts. He remains a bit chopped off from his parents. Once in the survey it was said that a parent was asked to see how many times in the day he interrupted, then it was found out that those parents had interrupted their child 24 times a day for some reason, which is a big deal for the normal parents, but this Toke Toki stirs the confidence of the child.

Justice Dave gave the exam-

ple that no child starts to walk at all, he starts to fight, later he starts walking with care because when the child falls again and again he gets an opportunity to learn from his mistakes. Children also learn from their mistakes, if they do not make mistakes, then their speed of learning will also decrease. How to increase the confidence of children today, it is necessary to give emphasis on this matter. The shadow of the parents has risen from the heads of many innocents, many children have not seen the school, many of the innocents have to work due to the helplessness of the parents, so that they need legal help so that their lives can be improved.

Justice Dave said that today 13 and 14 year old children are getting aggressive. Girls from 13 to 14 years are treating their mothers as if they are mother-in-law rather than their mother, their behaviour is changing in such a way, the main reason is the differences of mutual opinion. Whatever children learn, they learn by looking at their par-

ents. Every child is not a genius, this parent should understand. The child should be given opportunity and choice to become a smart worker.

In the present day due to the increasing dilemmas and increasing arson of their crimes and we have a lot of disturbance in our children's lives. Today when children below 18 years of age due to their tendency to act, even after the crime has been committed, he is being avoiding the punishment that should be awarded after the crime.

Today there is a need to understand the mindset of children, brainstorm on the challenges faced by them. Dave demanded that more laws should be made for children, there should be separate police stations for them and more laws should be made for them, we are not paying attention to their needs because the children do not vote if they too have this right, then the government will Today there is no one to take much care of them.

- DR. MUNESH ARORA

"ZINDAGI ABHI BAKI HAI"

Chale jaa rahi is bhaag daud mein
Zindagi ki kuch kishtein baaki hain
Aur kishton mein Bati is zindagi se
Churane kuch haseen pal abhi
baki hain

Zindagi ki chunoutiyon ne
sikhaya ta bahut

Par fir bhi Rooh ka sanwama abhi
baki hai

Abhi tak to guzaari thi bas zindagi
Jee bhar k jeena to abhi baki hai
Kuch khwaab adhoore hain

Kuch neendein abhi baki hain
Kadd zaroor ooncha hai is aas-
maan ka

Aur bharni ik lambi udaan abhi
baki hai

Wo doston k saath kuch guftugu
Aur chai ki chuskiyan abhi baki
hain

Tham jaye jo ye zindagi
Usse pehle

Jeene kuch jazbaat abhi baki hain

Dr. Zafar said that about 75 physiotherapists attended this seminar.

About Paras Health Care

Paras Healthcare was established in 2006 with the mission to provide the highest healthcare services to every common and

special person in the country at a reasonable cost. It is a private healthcare provider that is committed to providing healthcare to the common people in rural and remote areas. Everyone working in 'Paras' Hospital - from doctors to nurses and management - are united in the effort to provide high-quality healthcare to all. Paras Healthcare is a pioneer in establishing specialty hospitals in places where healthcare, particularly super-specialty tertiary-care, is lacking. Each of its initiatives works on the basis of its three principles that high-quality healthcare services should be accessible to all at a reasonable cost.

MP Joshi met Union Minister Hardeep Singh Puri

New Delhi: Chittorgarh MP CP Joshi met Union Civil Aviation and Urban Development and Housing Minister Hardeep Singh Puri and discussed various issues related to Udaipur Airport.

During the meeting with the Union Minister, MP Joshi asked the minister to get started the international flights from Udaipur Airport, increasing the number of domestic flights and connecting them to new cities, soon to implement the approved works of basic infrastructure at the airport. Discussion regarding the restart of flight and acceptance of development works in the surrounding area through CSR. MP Joshi said that there is a great need to start new international flights for Gulf countries from Maharana Pratap Airport, Udaipur, located in Chittorgarh, Parliamentary constituency. Udaipur The airport is an important airport in southern Rajasthan. Thousands of people work in the Gulf countries from Udaipur and are engaged in trade and employment. Along with this, experts from abroad also start coming here for education and technology. Along with this, Udaipur Airport fulfills all the standards of international level, hence, there is a need to start international flights from here, considering the importance of Udaipur Airport. Along with this, there is a need to start new domestic flights here. In the past years, many flights started from Udaipur Airport, for this, MP Joshi thanked the Minister and said that there is an industrial hub in the districts of South Rajasthan including Udaipur, due to its numerous industries, as well as the natural resources of tourism.

Congress opposing CAA to secure its vote bank: Kataria

Udaipur: Leader of Opposition Gulab Chand Kataria said the Congress was opposing the Citizenship Amendment Act to keep its vote bank safe as decisions on Kashmir, triple talaq and Ram mandir have hit its vote base.

Kataria attacked chief minister Ashok Gehlot for the shameful law and order situation in Rajasthan, saying the crime rate under the Congress government is the highest since independence.

Leader of opposition Gulab Chand Kataria said the government was bound to implement the act which has been passed by parliament

and signed by the president.

He said Congress is opposing CAA to take out its frustration. "Three decisions left the party floundering. Abrogation of article 370 and 35 A, the supreme court decision on the Ram Temple and the triple talaq issue hit the Congress vote bank and it was unable to do anything," Kataria said.

He said so far Congress has spread hatred and divided votes to keep its vote base intact. "But these three decisions have shaken its vote bank and so it is resorting to such tactics," said Kataria.

He also questioned why Gehlot had started the peace rally in Jaipur to protest against the CAA from Karbala. "It could also have begun from Ganesh temple. And 90 percent of the crowd was from one community whom the Congress is trying to mislead and scare."

Kataria said under the Congress government all categories of crimes have shown a record increase. Police data shows that there has been a 32 percent rise in the crime rate between 2017 and 2019. Jaipur commission-

erate has the highest crime rate in the state.

Kataria said, "In one year of Congress rule there have been more communal clashes than in the entire five year tenure of the previous BJP government."

He said in case of communal strife, it was important for police to reach immediately. "Police should reach within 15 minutes but if it reaches after two hours then the matter flares up and there is violence."

Citing Rajasthan police data, Kataria said crimes against women have seen a rise of 65 percent in the period from 2017 to 2019 which is unusual.

Rapes have increased 81.4 percent between 2017 and 2019 and molestation has increased 80 percent which is unusual.

Kataria said crime against SC/ST has increased 64 percent between 2017 and 2019 while dacoity has risen by 127 percent in the same period.

He said the reason for the alarming increase in crime was because Gehlot also holds the portfolio of home minister but doesn't have a

hold on the department. He has left it to officials but this department needs daily monitoring.

"In my tenure crime decreased because we used to have daily monitoring. I used to visit districts each month and review functioning of each police station," said Kataria who was home minister in the BJP government.

We also had grading of each police station based on their effectiveness in controlling crime. Kataria suggested that since Gehlot is unable to manage the department, he should keep a deputy who can devote full time to the department.

Raghuvver Meena Member CWC refused Kataria. said as home minister female atrocities under Kataria were at an all time high.

There were also harsh comments from the UN on victimisation of women as dayans.

Regarding CAA, he said Congress is working to protect democracy and the constitution while the Bharatiya Janata Party is polarising society.

First Volunteers Meet organized by M Square Foundation

Udaipur: M Square Foundation's first Volunteers Meet 2020 was held at Ashoka Palace in Shobhagpura. The president of the foundation, Mukesh Madhwani, said that the purpose of the meet was to get new volunteers to get started with the activities of the foundation and to organize activities in the future with their cooperation. Successful eyelid reconstruction surgery of six-month-old girl in PMCH

Udaipur: Successful eyelid reconstruction surgery of a six-month-old girl was performed at Pacific Medical College and Hospital. successful operation for three hours by the team of plastic surgeon Dr. Gurubhushan, Dr. Prakash Audichya, Dr. Shilpa Sharda and Manoj. made it possible.

The resident of Upal odan of Nathdwara did not have an eyelid on the 6-month-old Chinu's by birth on the right eye. Due to which her right eye was always open. The girl's family showed her to the ophthalmologist Dr. Virendra Lodha and found out that Chinu did not have an eyelid on her birthright. Whose treatment is possible only through surgery.

Plastic surgeon Dr. Gurubhushan told that in this operation skin was taken from the eye and eyelid was made. Upper eyelid reconstruction is much more complex than the lower eyelid. Its main function is to protect the globe and provide an aperture for vision. Tissues are very small in six-month-old

children as well as it would be very selective to give anesthesia, but with the microscope available in PMCH, the operation of the surgery and the team of high-level doctors are making such operations easier.

Dr. Guru Bhushan said that the cost of one lakh is incurred in such an operation, but this operation was done free of cost with the cooperation of the government's Ayushman Bharat-Mahatma Gandhi Rajasthan Health Insurance Scheme and Management.

Sojatia Jewelers selfie point

Udaipur: In the flower show at Fatehsagar, young ones and girls availed the facility provided by Sojatia Jewelers, that not only took selfies and stored their yams in it.

Director Dr. Mahendra Sojatia told that by making creating figures on the spot, and decorating it with varieties of flowers, made a selfie point wonderful favorite of the common man. The texture and decoration of the The selfie point is attracting tourists from far away.

Sakshi Sojatia told that the flowers of various species are decorated in a very attractive way.

People's Voice

- Dr. H.S.Chandalia

Call a dog a mad dog and "kill him" is a fascist slogan used by dictators in the past to annihilate their opponents. Unfortunately, the same strategy is being used by the BJP and its front organizations in the case of Jawahar Lal Nehru University. The most prestigious university of the country which not only gives thinkers, writers, journalists, statesmen, bureaucrats but also provides degrees to our defense personnel has been vandalized by goons in broad daylight in the presence of the Vice Chancellor on the campus. The Vice Chancellor shamelessly kept ignoring the attack by goons on the students and once the goons had done all the damage woke up to inform the police. He was busy filing FIR against the students of the university when armed outsiders allegedly entered the university and unleashed violence on the campus. Can such people be called academicians or are they just stooges of the ruling party?

JNU is known for an open democratic atmosphere in which students and teachers engage in healthy discussions and build up an academic community which can grapple with the important questions of our time and suggest solutions. Is it not ironical that this year only a student of this university got a Nobel Prize for his research in economics and the bosses in North Block are bent upon destroying it. The appointment of Vice Chancellors on the basis of their political affiliation has ruined the universities. Same is the case with JNU.

ABVP, the students' wing of BJP, it is alleged, literally governs the Shastri Bhavan. MHRD is acting in response to what the ideologues of the ruling party dictate.

The police waited outside the campus when violence was being perpetrated on the campus waiting for the permission of the Vice Chancellor. This they did not do in the case of Jamia and Aligarh Muslim University. A series of lies were told by the police spokesperson to justify the delay in responding to the situation. It is dangerous when the law and order enforcing agencies in a country take a partisan view of things and are indoctrinated by a party to act in their interest.

A major part of Media also plays to the tune of the ruling party and reiterates the discourse of the state trying to cover up the facts and becomes a party to the situation rather than reporting objectively. All this leads to demonizing democratic forces and eulogizing the forces of brutality.

The PM is silent on the issue and the Home Minister who controls Delhi Police simply speaks to the Police to take stock of the situation. None of them speaks to the wounded teachers and students. The Vice Chancellor who lives on the campus does not speak to the teachers wounded and the students who are severely injured. Are we heading towards a brutal and beastly world? Why is the state shy of arresting the goons? Why should not the Vice Chancellor be asked to step down?
