

NEERJA MODI SCHOOL

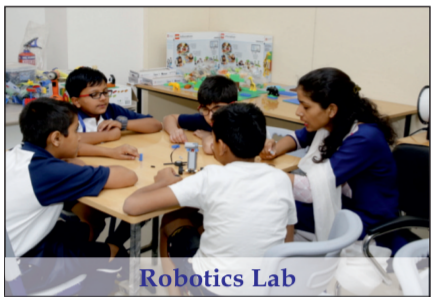

A Global Institute of Udaipur

RUN BY SOJATIA GROUP

SCHOOL MISSION

We are dedicated to academic excellence and to the development of self-confident individuals of good character who are prepared to accept responsibilities inherent in the personal freedom. The school aims to create a learning environment that is challenging,

diverse, and supportive; where talented, dedicated faculty and students are encouraged to interact in an atmosphere of mutual respect and trust. At NMS, many paths exist in partnership and students are guided & encouraged to find paths that are most effective for them.

Parents' Views

I am really happy with the progress of my daughters. Teaching staff are very good at nurturing and developing the children's academic skills as well as social interaction. Thanks to Sojatia Sir
Tatin Shrivastava

Our daughter Ananya of grade 6 in NMS has made leaps and bounds of progress academically and socially at NMS. A lot of activities are conducted which help students to improve their communication skills and enhance reading skills along with their holistic development.
- Vansh Khatri

Neerja Modi school has been one of the finest schools to provide education extra-curricular sports along with imparting socio-economic values and a second home to my kids. The personal attention given to each child is what helps them get out the best from each student. Both my kids love going to their schools. At day boarding, studies are also taken care of so well that without much involvement, kids are performing well in academics, public speaking etc. My best wishes to NMS team.
A proud NMS Mother - Sejal Sharma, Jaipur

Neerja Modi School has given good start in its mission at Udaipur. It has given an outstanding performance in academics & other activities. I have seen lot of improvement in my both the daughters, who are also part of this outstanding school. The school is having good facilities and focus on each & every child. So, I am feeling proud for making my daughter study in such a fascinating school.

My son studies in Grade 7 in NMS. At the time of admission, last year, I was a bit skeptical about my son's growth and development as it was school's 1st year in Udaipur and my son was already studying in a very well renowned school of Udaipur. Within a month after admission, I have observed a significant growth in my child's reading skills, who was unable to read a single sentence without getting stumble. He keeps on searching new books, newspapers to read and shows interest in reading in my laptop when I am working on it. Math never looks cumbersome to the kids, they have plethora of techniques to teach students. I know I have made right choice.
- Anirudh Chandra, Scientist

We parents of Divyanshu Veer Khatri of grade 7 in NMS are satisfied as we with Neerja Modi School specially with the teachers. As we were bit confused to enroll our kid in this school as this is their very first year in Udaipur but after a great counselling & meeting the teachers of grade 7, we were very much impressed. Thanks for giving this children a safe & fun place to learn while also having high expectations for moral character & obedience.
Himanshu & Ravi Khatri

My daughter has a second trusted home Neerja Modi School. I appreciate the excellent work by the leadership team and the staff in making this an excellent school, a success in just one year. And the best is they listen and implement suggestions given by the parents. I am pleased that my daughter Tanushka Sahni is learning so much.
Manvi Sahni

It is a real pleasure to write about my experience with Neerja Modi School. The confidence & positive hope shown by the teachers at the time of admission of my son was a great relief. Every child is a special is not just a belief but you have also proven to be true. Your concern with the parents to overcome to resolve an issue has no wonder made NMS a perfect place for students to be. Like to thank the teachers & staff for their support.
Manisha Gupta (Mother - Pranav Gupta)
