Hindustan Zinc elevates Arun Misra as Chief Executive Officer

Hindustan Zinc, one of world's largest and India's only integrated producer of Zinc-Lead and Silver today announced the elevation of Mr. Arun Misra as its Chief Executive Officer. He has been the Deputy CEO in the company since November 2019 and will take the office effective 1st August 2020. He succeeds Mr. Sunil Duggal, who is now leading the Group Company Vedanta Limited as CEO. In his elevated role, Mr. Misra will play an integral role in strategizing business operations and spearheading the company's expansion.

Speaking on the occasion, Mr. Sunil Duggal- CEO Vedanta Limited said, "I am happy to welcome Arun as the CEO of HZL. I am sure that with his stellar track record, deep strategic expertise and proven experience of driving transformation, he is well placed to lead the company to the next level of growth. I wish him all the very best".

Commenting on his appointment, Mr. Arun Misra, CEO Designate, Hindustan Zinc, said, "It's a matter of privilege for me to take on the baton from stalwarts who has been leading this company by example. HZL has a fantastic team of professionals and we will all work together to enhance our footprint as a leading global producer of zinc-lead and silver."

Mr. Misra brings with him a vast experience of 31 years having held several leadership roles. Prior to joining Hindustan Zinc, Mr. Misra was associated with Tata Steel as Vice President - Raw Materials. He is also the Vice President of Indian Institute of Mineral Engineers and has published several papers in their journal of national repute.

Mr. Misra completed his Bachelor in Electrical Engineering from IIT - Kharagpur with a Diploma in Mining and Beneficiation from New South Wales Sydney, and another diploma in General Management from CEDEP, France.

A new and sophisticated printing and packaging unit inaugurated

By setting a new bench mark in the field of printing the new venture of country's one of the major industrial group Miraj group of industries Miraj Multicolour Pvt Ltd inaugurated a new and sophisticated printing and packaging unit on Wednesday

Apart from that the company operating in an area of 3 lakhs sqft is providing employment to around 500 skilled people.

Webinar to Discuss the Importance of Open and Distance Learning in Post-Covid Times

A national webinar was held on 24th July, 2020 to discuss the importance of Open and Distance Learning in Post-Covid times. It was organized by All India Researchers Association, Bengaluru. The key speaker of the webinar was Dr. Muakhtyar Ali, Assistant Regional Director of Indira Gandhi National Open University, Jodhpur regional center. In his elaborate address Dr.Ali said that Open and Distance Learning has three generations beginning with Correspondence Courses, teaching-learning through audio-visual devices and finally the online teaching learning method. He said that IGNOU is world's largest Open University which has more than 35 Lakh registered students. He said that ODL is the requirement of the current times because the students cannot go to campuses because of the pandemic Covid-19. He elaborated all the programmes offered by IGNOU and said that now this university has started offering twenty five on-line courses also. He said that ODL is very useful for professionals, women and all those who cannot join campus based regular courses. The quality of courses offered by IGNOU is world class and so the recognition of its programmes is global. Prof. Sunil Bhargava, retired Principal, Government PG College Kota said that Open and Distance Learning is very important because it is low cost and is available to the learners at their door step. He said that the study material provided by Universities like IGNOU and VMOU are such that students don't have to run here and there for collecting material.

Dr. Muakhtyar Ali, Dr. Kushal, H.M. Kothari, Hemendra, Sunil Bhargava, Nick

Prof. Bhargava said that in a country like India with a population 135 crores ODL is a huge complementary system which can support the regular system of higher education.

Presenting the concept note Prof. Hemendra Singh Chandalia, Janardan Rai Nagar Rajasthan Vidyapeeth, Udaipur said that Covid-19 has surfaced new challenges before the world. Academic world also has to transform itself and gear up to meet these challenges. Open and Distance Learning institutions has new responsibilities. We need to device new methodologies and tools to teach children in the elementary section. Also, there is a need to train

the teachers of regular universities, colleges and schools to use ODL material and methods. IGNOU and VMOU can organize workshops for such teachers. He said that there is a need to create a national level monitoring agency to control and guide ODL institutions. Distance Education Council failed to do so and many universities made their Distance Learning departments money minting machines.

This brought down the authenticity of the degrees and UGC had to ban the M.PHIL. and Ph.D. Degrees earlier provided by such universities. He said that only Central and State Universities should be allowed to run ODL programmes. No Deemed or Private University should be allowed to run ODL and On-line degree courses. The webinar was initiated by the Vice President of AIRA Dr. H.M.Kothari.

He introduced the guest speakers. The Principal of Dr.Bhim Rao Ambedkar Government College, Nimbahera Dr. Kamal Nahar delivered the welcome address.Dr.Mahendra Babu Kurva of Uttarakhand Central University convened the webinar. Dr.B.C.Kushala Baragur of Karnataka, President of AIRA offered the vote of thanks.

More than three hundred participants joined the webinar. Dr.Subhash Yadav, Yogendra Singh Sehra, Punit rao Maratha, and Rajendra Kumar Singhvi made the arrangements for the webinar while the technical support was given by Dr. Netravati, director of AIRA.

District collector saw arrangements at ESI Hospital, asked for Corona patients

Udaipur: District collector Chetan Deora on inspected the ESI Hospital at Chitrakoot Nagar, acquired by the District Administration for the treatment of Corona patients and reviewed the arrangements made for the treatment of Corona Infections there.

The Collector inquired the patients treated there and received information about the facilities being provided. He asked Corona patients to take full precautions, take medicines on time, and take care of food and drink as per doctors' consultation.

The Collector instructed the doctors-personnel serving there to take complete precautions to avoid infection. He expressed concern that medical personnel, nursing staff, and other concerned personnel are coming to Corona positive, who need to be utterly vigilant in terms of security. During the inspection, RNT Principal Dr. Lakhan Poswal informed the Collector about the patients being used there and the medical facilities being provided there. The Collector instructed the Chief Medical and Health Officer, Dr. Dinesh Kharadi, to send the report of an investigation of Corona Infections through SMS and to bring positive patients to the hospital immediately and start their treatment. The Collector laid particular emphasis on strengthening treatment-related facilities and facilities for patients. During this time, medical department officials and doctors were present.

cerned personnel are coming to Corona positive, who need to be utterly vigilant in terms of security. Interest in literature is Increasing in Youth: Ved Vyas

- Shagun Shukla, BJMC, JECRC

Interest in literature is increasing in youth during Corona era says Sh. Ved Vyas former Chairman, Rajasthan Sahitya Academy. We all know that how literature is an essential part of life and grasping knowledge of different languages. Literature of Rajasthan is written in various categories starting from 1000 AD, and it is also true that the work of Surajmal Misra initiated modern Rajasthani literature. Medieval literature of Rajasthan is mostly based on poetry, basically based on heroic poetry of courage, reign and power including the description of the great leaders and fighters who ruled or belonged to Rajasthan. Well preliminary Literature of Rajasthan is basically created by Charans.

It was a telephonic interview with Sh. Ved Vyas, the former chairman of Rajasthan Sahitya Academy and an independent - versatile writer and senior Journalist. His statement for literature was not particularly about Rajasthan only but he concluded that at this severe time of COVID-19 where everyone is trying to overcome the pandemic positively the interest of young generation is increasing towards literature.

As the youth is even having so many modern and digital equipment to kill boredom during lockdown but the younger generation is still managing their time with reading, either online through e-book and Kindle or by reading novels. He said that due to this epidemic not any activity, workshop is going on for literature, even every academy is closed now but enthusiasm of readers of reading is not stopped yet. He said that Literature evolve the ideas of every person and specially in younger generation it is necessary to provide them with positive thoughts. He added that the youth will lead the nation

We all know that through reading we enhance our vocabulary and knowledge of a language, so while discussing the change which is going to happen due to COVID-19 in literature, he said that the legacy will change individually and socially not in a single field like literature but at every workplace as everything changing in this epidemic.

Sh. Ved Vyas took every question practically and logically. There was a question that, "What you like to prefer to read, classical or modern novel"? He answered that he reads and writes independently. He reads classic, modern and different genres without distinguishing them and read everything he wants to and he said everyone has his or her own interest to read. Literature plays a significant role in everyday life as it connects individuals with serenity, truths and intellect in a society. Literature provides a way for people to spread their thoughts and expression in a way that is accessible to others.

Make Vidhyapeeth more elevated - Bhanwarlal Gurjar

Udaipur: Founder Janubhai started in 1937 with five workers and three rupees, Vidyapeeth has taken the form of Vat Vriksha, it is possible only because of all the dedicated and dedicated workers. The institution belongs to all of us and not to any family; that is why we are called from the post of workers, not employees in the school. The respect of every worker in the institution, be it small or big, is the contribution of all the workers to the height of the big school. The above idea was held on Saturday in the meeting of the administrator, general assembly, life member board of the mother institution Janardanarai Nagar Rajasthan Vidyapeeth Kul. SS Sarangadevot as the chief guest. He said that teachers will have to focus on 50 percent research and 50 percent research. Give maximum importance to quality education and research work and motivate the students as well.

He said that maximum emphasis should be laid on skill-based courses in future schemes and management letters related to higher education should be added more and more. He said that in view of the world epidemic corona crisis, there will be some problems in running the institution, but there is no need to panic, we all have to fight these challenges together. The Vidyapeeth has also introduced several innovative courses over time. The institute has also received many benefits due to getting an A grade by UniversityNAAC so that students from other states can even admit students at their level here. While presenting the report of Ajmer, Hatundi, Udaipur, Dabok, Jhadol of the mother institution, the Kul pramukh Bhanwar Lal Gurjar while presiding over the work done in the previous year, with an annual budget of Rs. 6 crores 54 lakhs for the year 2020-21 passed. Gurjar said that the organization should work with integrity. It is a matter of pride for us to have Vidyapeeth University first in Udaipur city and seventh in Rajasthan in the survey conducted by Uni Rank. Representatives of the Board of Administrators of Ajmer, Hatundi, Udaipur, General Assembly, Board of Life Members also expressed their views in the meeting.

unemployed families. The institute has set a target of helping 50000 poor families, under which about 20 percent of the target has been achieved.

502 ration kits distributed in 7 cities

Udaipur: On the occasion of Somavati Amavasya, Narayan Seva Sansthan distributed 502 ration material kits in different areas. Institute President Prashant Aggarwal said that under the direction of Director Vandana Agrawal, 50 in Sirsa in Haryana, 83 in Palwal, 80 in Kaithal, 54 in Bikaner, Rajasthan, 90 in Pali, 50 in Udaipur and 95 ration kits in Makhampur, Uttar Pradesh were distributed to poor, unemployed families. The institute has set a target of helping 50000 poor families, under which about 20 percent of the target has been achieved.

Royal harbinger: Reporting Fact of the Matter

- Riteshree Patharia, BJMC, JECRC

Udaipur's first weekly English newspaper "Royal Harbinger" is a fairly good newspaper in my perspective. This newspaper consists of six pages.

On the first page there was a lead news about accounting calculation in the box with headline "Accounting calculation in virtual environment." The whole article is about the covid-19 pandemic which is the biggest challenge facing us. It is about how institutions, academics and practitioners can adapt and sustain themselves in present pandemic situation.

This is the best way to attract a readers while reading this article my thought is that the covid-19 has taught us to manage social interaction whether it has to do with education or work place virtually too.

The second lead of the newspaper was, "Twenty eight years of a committed struggle" it means there is a webinar organized on 28th June to commemorate the 29th foundation of Mahaveer Samata Sandesh. In this news the attractive part is that in this day the people eager to participate and express their opinion and most important that the purpose for webinar to link people across the country.

The Second page is about business and entertainment. The first news was about the copyright amendment bill has been passed, but the government has to do a lot. The second news is about women the national women worker online seminar. Overall this page contains nine news which was well written.

In third page I found each and every news very interesting and creative. Many of the news were encouraging us not to lose hope during this covid-19. In this page the share business survival strategies, the impact on the mentality of employees/teachers at the time of lockdown. Some news related to the covid-19 were working us awareness that we will overcome soon through this pandemic.

The fourth page is about Mahindra that Mahindra First Choice Wheels achieves another milestone. The second news is on the child protection network initiative. On page five in addition to political news, it covers lot of other informative news. This page touches many walks of life. The language is sharp and apt. The last page of newspaper is devoted to youngsters motivating them to become hardworking with the story of Arsha and the second news is about Doctors' Day being organised with great enthusiasm at Geetanjali Medical College and Hospital. In this page the last and attractive news was that the doctors saved life of the infant and the mother and child by risk there six months of pregnancy.

I came to know that the more you will read the more knowledge you will gain.

Lions Club Udaipur honored policemen

Udaipur: Lions Club Udaipur honored police officers, including the police officer of Hiranmagri police station as Corona Warriors of COVID-19, as per instructions received from Lions District 3233 E-2. Club president GK Somani said that police officers and policemen kept our lives safe Day and night without caring for their lives during this corona period. On this occasion, Secretary BL Lodha, Dr. Vinay Joshi, Anil Nahar, Rajesh Khamesara, Ghanshyam Joshi, Kirti Jain honored all the policemen by offering Uprana.
