A launched mobile application named Mewar-Ritu in MPUAT

Udaipur: Chancellor of Maharana Pratap University of Agriculture and Technology, Udaipur, Dr. Narendra Singh Rathore Launched a mobile application called Mewar-Ritu. He said that the mobile app has special significance in the era of digital technology. The mobile app is of particular importance to farmers, especially in agriculture. Suppose the farmers get the weather and the advice of agricultural activities at home.

In that case, the farmers can save time and reduce the loss of adverse weather by doing agricultural work at the right time according to the weather. Around 750 mobile apps in the country are working to reduce the risk. Loss of agricultural income can be prevented by 10 to 30 percent by weather-related information and weather-based agrarian

advice. Research Director Dr. S. K. Sharma said that the app would have five days weather forecast released by the Indian Meteorological Department, Government of India. Dr. Narayan Singh Solanki told this app that this app would provide crop and livestock specific weather-based agriculture advisory to farmers in the Hindi language.

The service will be available for seven southern Rajasthan districts (Udaipur, Rajsamand, Pratapgarh, Chittorgarh, Bhilwara, Dungarpur, and Banswara) under the jurisdiction of MPUAT. The app will provide a 5-day forecast related to temperature, precipitation, humidity and wind speed, and wind direction, which play an essential role in agricultural operations and agricultural advice to farmers to take care of their crops and livestock.

The app information will be updated twice a week on every Tuesday and Friday. This app is a pan-India joint project of Dr. Narayan Singh Solanki and Nikita Jain. On this occasion, the University's registrar, financial advisor, research director, Dr. S. K. Sharma s. L. Mundra, Director Prasar, Dr. Arunabh Joshi, dean Rajasthan Agricultural College, Dr. Ajay Sharma, dean, CTAE, Dr. Sitaram Bhakhar, Dr. Sudhir Jain and Dr. Virendra Nepaliya and other officials were present.

Many dignitaries, including Mukesh Madhwani, Nakshatra Talesra, Prakash Meghwal, Akhtar Bohra, Bhupendra Chaubisa, Padam Jain, were present on occasion.

The purity of the Lake Environment necessary for good environmental health

Udaipur: It should be everyone's responsibility to maintain the natural environment in Udaipur, the lake, and the areas adjacent to it. These views were put into the lake dialogue held recently.

In the dialogue, Dr. Anil Mehta of the lake conservation committee said that the lake area remains the center of pollution. Whereas, the purity of the atmosphere there, including air, water in the lakes, and its periphery area, is essential for the good environmental health of the whole of Udaipur.

Tej Shankar Paliwal, a member of the Lake Development Authority, said that the lake area remains unhygienic and disturbed due to various reasons ranging from waste, wastewater immersion, vehicle mob, night light, fireworks, etc. There is a possibility of the situation becoming more serious in the New Year celebrations.

Nand Kishore Sharma, Director of the Gandhi Manav Kalyan Samiti, said that the intense noise and fireworks at night are life-threatening for native migratory birds. It also affects the elderly and children of the area. Hence, there is a need for greater discipline and control in New Year celebrations.

In the Shramdan organized before the dialogue, local citizens, including Tej Shankar Paliwal, Drupad Singh Chauhan, Ram Lal Gehlot, Gopal Kumawat, Ramesh Chandra Rajput, Bunt Kumawat, did shramdan and took out the garbage from the lake.

Lakshya Rajsingh inaugurated two classrooms and toilets in rabbis' Dhani

Udaipur: Under the aegis of Round Table India and Ladies Circle India, the 2 classrooms and toilet blocks built in the Govt. school of Dhani Iswal in the

nearby village of Rebariyon is dedicated and handed over to the school management.

On this occasion, Lakshyaraj Singh Mewar emphasized that the 21st century is for India, and building schools and facilitating infrastructure nourishes India's future. He congratulated and appreciated the construction of the structure within a short period during the epidemic.

This round table was the 12th project in India 206 and Lakshya Ladies Circle 125 and around Udaipur, in which 29 classrooms and six toilet blocks have been constructed. In the absence of this, along with various schools' renovations, the lives of more than 30,000 underprivileged children around Udaipur were being affected.

As an organization, Round Table India has built more than

7200 classrooms in 3050 schools across the country, with over 300 million spendings on the lives of more than 8 million malnourished children in the last 20 years. It is being awarded the prestigious Bhamashah Award every year for its exceptional contribution in education. The project was executed by project coordinators Utkarsh Bakshi and Kapil Karnapuria, headed by Deepesh Kothari.
