

MOU signed in coordination with ISDC between Pacific University and IoA (Institute of Analytics, UK)

Udaipur: The MOU was signed between Pacific University and ISDC Project India Private Limited.

Chancellor of the institution Shri K.K. Dave informed that this MOU's objective was to start new courses like B.Tech this year. For these data science and analytics and artificial intelligence, the students have to be skillfully prepared according to the present time's demand.

In this direction, he stated that IoA (Institute of Analytics), which is affiliated with the UK professional body for data science and analytics, in coordination with ISDC, finished the

tasks such as developing, promoting, and distributing these courses.

IoA is working to promote greater awareness, understanding, and innovation in Analytics.

It provides the Analytics Institute students the opportunity to network with other professionals in the industry, learn about career development opportunities, share knowledge and expertise, access continuing professional development programs, and provide the official designation of membership.

He informed that ISDC had set the stage to share the

responsibility of developing future skills with service delivery globally; it is known to meet the growing demand for skill development and vocational education worldwide.

For this purpose, the Vice Chancellor of the institution signed the MOU named Innovative and Vision of Skills for Tomorrow in Dynamic Global Education with

Sustainable Growth of University Students.

Director of Faculty of Engineering Piyush Javaria said that through this MOU, the institute would also benefit from skilled and trained trainers by IoA so that students can prepare themselves for the future by assimilating their technical knowledge in practical life.

He explained that through this MOU, mapping and market share analysis, labor market analysis for educational matters, curriculum analysis and review, quality assurance, and improvement, self-assessment and verification, institu-

tion media consulting, brand promotion as well as marketing consulting, risk along with management support, students would also get a chance to know about things like inspector level support.

It has long challenged policy makers against global economic uncertainty, challenging traditional paths to learning, employment, and career progression, and regularly contributed to matters related to skill development using industry links and a network of academic experts and The main objective of this MOU is to be directly connected with the regulators.

The highest blood donation by the Anushka Group in the Corona Period - 181 units

Udaipur: Under the joint auspices of Dr. Anushka Law College and Anushka Academy, a huge voluntary blood donation camp was organized in the college premises on Friday, December 25 2020, this time like every time, but this year keeping in mind the Covid 19 mask and social distance Was taken care of A total of 181 blood donors were donated in this blood donation camp, which is more than the predetermined target. The specialty of this blood donation camp was that "for the first time 11 couples donated blood together and along with this BSF personnel of Indian Army also donated blood."

Thermal scanning of all the people was done during this huge voluntary blood donation camp, and special care was taken for sanitization. As the trend of blood donation is being seen among the youth of the city, for the first time in the history of Udaipur, the brave soldiers of the Border Security Force also came on special request. They took out their precious time by donating blood, a unique example. It persisted. Due to which a tremendous wave of enthusiasm was seen in all the youth. As a result of this, even in odd circumstances like Covid 19, so many donors donated blood and created a new dimension. On this occasion, President of the institution, Smt Kamala Surana thanked all the blood donors from all over the city. Institution Director Dr. SS Surana said that the credit for the successful organization of the camp goes to Mr. Rajeev Surana

and the Anushka team, who for the last one week, with their hard work, made the youth of the city and all blood donors aware of blood donation, Due to this, more than 60 blood donors in this camp donated blood for the first time in their lives and discharged duties towards their society.

Mr. Rajiv Surana says that blood donation is life giving. Blood donation made by us saves many lives. We realize this when one of our own blood struggles between life and death. At that time we wake up from sleep and struggle to arrange blood to save it. Today we are all citizens of educated and civilized society, who think not only for themselves but also for others' betterment, so why not give our support in the sacred work of blood donation and give life to the people.

Distributed warm clothes on Christmas to underprivileged children

Udaipur: The Rotary Club Heritage distributed warm clothes to the underprivileged children at the Missionary of Charity Mother Teresa Ashram near Bhupalpura Saint Paul School.

Save water and Safe water...

Like now's a day patients are being told to drink hot water and take a steam in the Corona era, just this future doctors may have to write Save Water and drink Safe Water in their future prescriptions? Because of the speed with which surface and groundwater are getting depleted and contaminated. This day is not far away. Dr. PC Jain, a doctor of Udaipur who has been awarded Water-Hero by the Center Jal Shakti Ministry for his work in the last twenty years in conservation of water campaign, said this in his webinar of Pali Medical College. By giving examples of the Ayd river of Udaipur, the lake of Rajsamand, and the Luni river of Pali, how we have eliminated and contaminated the surface water. Then exploited the groundwater and finished it and infected it. If excessive and unnecessary water use is increased, then there is a shortage of water, which is limited. We started water wasting instead of water harvesting by RO and air conditioner. We should learn how to use it properly and recharge the water that falls on our roofs by putting it in the Bhujal source; only then will we avoid the severe water crisis. Dr. PC Jain also discussed the severe diseases caused by polluted water. Video created by students, fluoro-

sis water-Chalisa, water-resolution, water-oath, water-song, water-drama were also performed in this water campaign. Dr. Harish Kumar, Principal, and Controller started the webinar, GMC Pali, by welcoming Dr. P.C. Jain. Dr. KC Agarwal

advised the students to properly use the hostel's water and don't let the tap left running. Dr. Latika Nath Sinha, Dr. Abhinav Purohit explained the measures for water conservation. Dr. Asmita endured the hard work of the children and administered the oath of water conservation. Pali Medical College student Bhawna Bulchandani conducted the program. Jhalawar Medical College student Pradmanav Upadhyay compiled and transmitted the videos. Dr. Asmita Hazra expressed thanks. The students who participated in the webinar are Aanchal Sharma, Geetanjali Meena, Divya Kankarwal, Komal Jain, Sunita Kushwaha, Vinayak Soni, Dhruvraj Singh of the 2018 batch and Midul Vyas, Rajkumar, Bhawna Bulchandani, Raunak Abani, Akshitha Total, Ruchita, Parikshit Singh, Radharaman Dadhich, Ramu San, Venus Gill of 2019 batch. Prospective doctors explained the importance of water through their various performances.

Club President Dharendra Sachhan told that Assistant Provincial Manish Galundia, Secretary Rahul Gupta, Deepak Sukhadia, Ashish Banthiyan, Rahul Bhatnagar, Vijay Wadhvani were present on occasion.
