

## Modi University announces special scholarship for girl students

**Udaipur:** Laxmangarh placed Modi University organized a press conference at Hotel Amantra Comfort, Udaipur. In this, important information related to the new session starting in the university was shared with the journalists of Udaipur's main electronic and print media.

Significantly, the university has been continuously carrying forward the campaign of women empowerment through education even in this era of Corona. The university has always been committed to discharging its social responsibilities. Modi University has also announced some special scholarships this year for girl students from across the country including Rajasthan. Along with this, the new scenario of

education and the current perspective of Modi University also interacted with the media. Modi University's DGM Admission Shri Prabin Jha and PRO Shri Rajiv Singh first congratulated all the students across the country for their 12th results. Along with this, Modi also sent congratulations to all the top students of the university. It is worth mentioning that the student of Arts Faculty of Modi School topped with 98.4 percent marks, while in Science with 97 percent marks and 98.2 percent marks in Commerce, the girl student of Modi School secured the top position. In this difficult period of the Corona epidemic, Modi school and university want to continue the education of girl students

and with the help of this, schools and universities have come up with scholarships for girl students at many levels.

DGM Admission Shri Praveen Jha informed that Modi School has announced scholarships up to 30 percent based on marks obtained in the entrance test and interview in the new admission process. This unique initiative of scholarship at the school level is an example for the entire state. Along with this, Modi School will also provide a bus facility for girl students from every nearby area where the number of girl students is 15 or more.

Modi University will provide scholarships up to 50 percent of the marks obtained in the

previous examination to all the girl students of undergraduate and postgraduate.

For example, if a student has got 80 percent marks in class XII, then that student will be given half of the marks obtained in tuition fee i.e. up to 40 percent scholarship. This scholarship is applicable for both undergraduates and postgraduates. It is worth noting that this scholarship is given for the tuition fee of the first year. After this, in the second year, this scholarship will be continued achieving the standard marks set by the university. If due to some reason the student is not able to get the prescribed marks in the second year, then again in the third year there is a standard of

marks fixed for her, which she can get back by getting the scholarship.

Along with this, under the special scholarship scheme of Modi University, a scholarship of 45 percent in tuition fee will be provided to the children of soldiers serving or retired in the police, army, and para-military forces during their full studies. While up to 55 percent scholarship will be provided to the daughters of martyr soldiers of Army, Police, and Para Military Forces.

Even during the pandemic and the lockdown, 100 percent of the girl students of the university have been successfully placed. It is worth noting that this year a student of the university has received a

maximum salary of Rs 55 lakh, while the average was Rs 14 lakh. Along with this, the girl students got a maximum stipend of 80 thousand rupees in internship and got this opportunity in the world's best i.e. Fortune 500 companies in an internship. Modi University has done continuous work to achieve this position. Under the new education policy, special emphasis is being laid on experimental learning along with skill-based education. Whether it is about harmonizing academia and industry through webinars or new technology, Modi University provides every platform to the girl students. Along with global level education, girl students are also made proficient in

other skills so that they can be better prepared for every challenge. Under this, Modi University also organizes English Language Training Camp so that children can be able to achieve a better position along with an interview.

Modi University, which has made its mark as the country's leading women's university, offers undergraduate and postgraduate studies as well as Ph.D. Courses are conducted here in many subjects including arts, science as well as journalism and mass communication, management, law, engineering as well as design. Equipped with modern amenities, Modi University is committed to the holistic development of girl students.

## Environmentalist Dr. Satish Sharma wrote the book 'Wildlife Rescue and Rehabilitation'

Udaipur. At present, given the increasing conflict between wildlife and human species and the incidents happening on a day-to-day basis, a book titled 'Wildlife Rescue and Rehabilitation' has been written to provide them a suitable and conducive environment with proper protection of wildlife. This book has been written by Dr. Satish Kumar Sharma, a well-known environmentalist, and retired officer of the Forest Department of Udaipur.

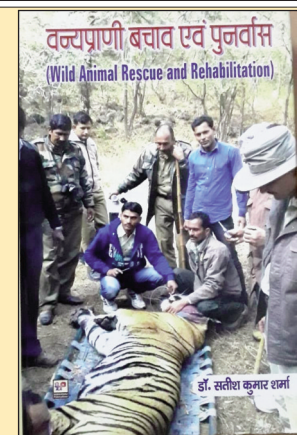

According to Dr. Sharma, various types of human disturbances in natural habitats are forcing wild animals to leave their natural habitat and wander in many places. These wandering creatures sometimes reach odd places like

human settlements, farms, roads, railway lines, industrial complexes, etc. In these circumstances, the responsibility of speedy rescue and rehabilitation works falls on the forest department to prevent loss of life and to rescue wild animals from danger.

Using the available resources, detailed information about practical methods to fulfill this responsibility efficiently, quickly, and safely is included in this book, which will prove to help increase the capacity of the Forest Department and various organizations related to wildlife protection.

**Useful for the conservation and rehabilitation of wildlife**

Ravi Singh, CEO of World

Nature Fund India, while writing the cover of this book, has described it as useful for wildlife conservation and rehabilitation of wildlife. He said that there is a need to provide an environment to the wildlife according to their behavior, only then

the conflict between humans and wildlife can be ended.

**Includes 119 Real Rescue Experiences**

Dr. Satish Sharma told that the experience of 119 real rescue operations has also been given in this book. Under this, 13 rescue operations of zoos, 32 of mammals, 34 of panther, 8 of tiger, 9 of birds, 23 of reptiles have been described and what kind of precautions should be taken in these rescue operations.

**36 years. Why long? Experience**

Dr. Satish Kumar Sharma has rendered more than 36 years of government service in the Forest Department, Rajasthan. During this, Dr. Gorakh Prasad Award 1986, All India Forestry Award 1990,

Van Palak Award 1995, Forestry Writing Award 1996, Vigyan Vachaspati 1997, Dr. Salim Ali Wildlife National Fellowship 1997 for best research, writing, forestry development, and wildlife conservation management works. , Indira Priyadarshini Vrikshamitra Award 1998, Medini Award 1999 and 2006, Indian Forest Award 1999, Dr. Ratan Kumar Medal 2000, Rajasthan Civil Service Award 2013, Mirza Raja Ram Singh Award 2014, Life Time Achievement by Society for Promotion of Mines and Research Udaipur Award 2019, Jaish Wildlife Conservation Award 2019, "The Sujana Rajasthan Life Time Wildlife Conservation Award 2020" awarded by Tiger

Watch Sawai Madhopur, etc.

Dr. Sharma "Ornithobotany of Indian Weaver Bird", "Folk Zoology", "Wildlife Management", "Orchids of Desert and Semi-Arid Biogeographic Zones of India", "Wildlife Management and Animals" Doctor, "Faunal and Floral Endemism in Rajasthan", "Traditional Techniques Used to Project Form and Forests in India", "Forest Development and Ecology", "Establishment and Management of Forest Plants" and "Biodiversity". He was the founder of the book called 'Protection'.

More than 640 of his popular and scientific articles have been published in various Hindi and English language journals and research journals.

## World Water monitoring day

**Udaipur:** On World Water Monitoring Day and Jal Juthi Gyaras, while giving a symbol and a citation to the girl students of the District Nursing Training Center of Sirohi for worshipping water sources, water hero Dr. P.C. Jain said that how much electricity we spend, we keep account. In the same way, we have to keep an eye on water expenditure as well, only then we will be able to get pure water in the future.

Every water source also has to be protected, only then we will be able to get clean water.

World Surveillance Day was started in 2003 by the America Clean Water Foundation.

Dr. P.C. Jain honored the students of Kendriya Vidyalaya, Eklingsgarh by giving mementos and certificates to the students of Kendriya Vidyalaya, Eklingsgarh with a virtual meeting at 7.30 am to worship the water source, which was celebrated on 22nd March as World Water Day.

This time Jal Juthi Gyaras and World Water Monitoring Day have come on the same day, the goal of both is the importance and safety of the water. The purpose of both these days is to bathe, wash clothes, wastewater from RO and AC in the latrine, and keep an eye on water sources. On the success of water conservation from Rotary Vasudha on the occasion of World Water Monitoring Day today, Water Hero Dr. P.C. Jain under his direction gave dead wells of Rana Pratap Nagar Shiv Mandir, Dabok Vidyapeeth, Amet, Kankroli, Sirohi \* Renovate-Recharge-By telling the success stories of Reuse\*, appealed to everyone to save this water source as their heritage. He told the technique of rainwater to save the rainwater of the roof with the Devas water filter. If we do not donate water along with water harvesting in time, then the groundwater will be exhausted.

## Program on Amrita Devi Sacrifice Day and Ozone Day

**Udaipur:** Increasing pollution in lakes, cutting of trees and mountains causes serious damage to the ozone layer. These views were expressed by the lake lovers on Amrita Devi Sacrifice Day and Ozone Day.

Expert Dr. Anil Mehta said that the sacrifices made for the trees under the leadership of Amrita Devi about three centuries ago were also to protect the ozone layer.

Mehta said that if the pollution in the lakes of Udaipur continues to increase, the dissolved oxygen in the lakes will decrease and the ozone layer will be damaged by becoming more methane gas. Therefore it is necessary to keep the lakes and water sources pollution-free.

Tej Razdan, Secretary of the Lake Conservation Committee, said that the ecosystem is deteriorating due to the cutting of trees and hills in the catchment area. It is a threat to the ozone layer. To avoid various diseases, the ozone layer has to be saved.

Tej Shankar Paliwal, a member of the Lake Safety Development Society, said that petrol diesel-powered motorboats, cruises are harming the ozone layer including the entire atmosphere by emitting harmful gases. To protect the local environment of Udaipur and the global climate, such acts in the lakes have to be stopped.

The Director of Gandhi Human Welfare Society, Nand Kishore Sharma said that the crisis of climate change is deepening. The recently released IPCC report is warning us that we should be careful. Therefore, the civic power in Udaipur also has to be awakened.

Director of Abhinav School, Kushal Rawal, while explaining the usefulness of the ozone layer, said that just as an umbrella without a hole gives complete protection from rain, in the same way, the ozone layer protects the earth and the entire environment.

Environmentalist Pallab Dutta said that lifestyle has to be simplified by controlling all the activities that destroy the ozone layer.

Drupad Singh said that if life is to be saved, then the ozone layer has to be protected.

## The virtual lecture started on the 500th birth anniversary of Maharana Udai Singh

**Udaipur:** Inaugurating the virtual lecture series on the auspicious occasion of the 500th birth anniversary of Udaipur founder Maharana Udai Singh (II), Lakshyaraj Singh Mewar, Trustee of Maharana Mewar Charitable

Foundation. Udaipur shared his views on the life values of Maharana Udai Singh Ji and his phenomenal contribution to Mewar. Lakshyaraj Singh Mewar told that Maharana Udai Singh Ji did many works while conserving water and the environment, in which he, understanding the importance of

water in life in that era, got the lake 'Uday Sagar' constructed, which is a multi-use lake even in present times. Remembering Maharana Udai Singh Ji, Mewar presented his thoughts on the sacrifices of his ancestors, the establishment of Udaipur, etc. Along with this, he told that even in the present times, all of us should recognize the ideal life values of Maharana Udai Singh Ji and take inspiration from him.

Similarly, in the virtual lecture series, historian Narayan Lal Sharma gave his lecture on Maharana Udai Singh Ji. Sharma told that many historians did not give Maharana Udai Singh Ji the place in history that he should have got.

He told that if Maharana had not had such unique thinking, would Mewar have been safe today? Would Udaipur be able to reveal its identity in the world today? Like so many burning questions. For this reason, Sharma wrote history while doing research work on Udaipur founder Maharana Udai Singh Ji.

In the morning session, beautiful vocals were presented by the Svaraj Jail Band of Udaipur at Laxmi Chowk located at Zana Mahal of City Palace. Inaugurating the program, Maharana Udai Singh was worshipped by Maharana Mewar Charitable Foundation. After this, the Jail band duly started the program with Ganesh Vandana, in which Parameshwar Vyas presented songs like 'Maharaj Gajanan Aao Ni, Mari Sabha Mein Ras Barsao Ni' and 'Ram Jape Shiv Ram Jape' dedicated to Mewarnath Prabhu Eklingsgarh Ji.

Singer Janrel Singh composed and presented the 100-year-old song 'Kaniyo Manio Koor' in his own words. Further, the General made the audience and tourists dance by presenting songs like 'Dum Mast Kalandar Mast Mast' and 'Teri Mitti Mein Mil Jawa' along with patriotic songs.

Presenting the Mewari songs, the artists garnered applause with pleasing renditions of songs like 'Mharo Veer Shiromani Des, Mhare Pyaron Lage Sa', 'Woh Maharana Pratap

Katha'. In the Svaraj Jail University Band, Udaipur, Ravi Duhani on Guitar, Sanjay Patel on Dholak, Pappu on Cow, Pragat Singh, Sunil Deoda, Sohan, etc. along with Chan Sukh on the keyboard were performed in the role of vocalists. In the end, Chief Administrative Officer of Maharana Mewar Charitable Foundation, Udaipur, Bhupendra Singh Auwa, congratulating all the members of the Jail band, selected books from the publications of Maharana Mewar Historical Publications Trust, Udaipur was presented to all

## LS Congratulate Dr. Deepak for considering his name in World's Biggest Library Organisation IFLA "Wall of Fame"

**Kota:** Honorable Respected Shri Om Birla Sir, Lok Sabha Speaker Parliament of India congratulates Dr. Deepak Kumar Shrivastava, Divisional Librarian and Head Government Divisional Public Library Kota for considering his name in World's Biggest Library Organisation IFLA "Wall of Fame" by delivering message.

He said its matter of immense pleasure that his Idea's with Global Vision get appreciated internationally. The concept of Global Vision is a unique concept in itself, in which the libraries of the world are connected to each other and just as a lamp burns from one lamp to another, in the same way the integrated light of knowledge from online platform spreads all over the world.

Further he write in message that, 'It is a matter of pride for our city Kota that Dr. Deepak has got fame on the international stage on the strength of his hard work, innovation and talent and the work being done by him has got a new identity. I congratulate Dr. Deepak on his achievement and wish him all the best for his successful future as the South Asia Mentor of International Library Innovators (INELI) and as the Division Librarian of Government Divisional Public Library Kota.

## Airtel joins global efforts to combat climate change

Airtel is also the first Indian telecom company to company to join the UN Global Compact **Udaipur:** Bharti Airtel Limited ("Airtel"), India's leading provider of telecommunications

services, today announced its commitment to contribute to global efforts to mitigate the impact of climate change and build a sustainable planet. Airtel has joined the Science Based Targets initiative's (SBTi) 'Business Ambition for 1.5°C' campaign and adopted targets to significantly reduce its carbon footprint and emissions from its network operations. With this, Airtel joins the league of leading global corporations who have committed to the 1.5°C pathway outlined by the SBTi - a partnership between CDP, the United Nations Global Compact, World Resources Institute (WRI) and the World-Wide Fund for Nature (WWF).

Airtel is committed to reduce absolute scope 1 and 2 Green House Gas (GHG) emissions 50.2% by FY2031 from FY2021 as base year.

Airtel also commits to reduce absolute scope 3 GHG emissions 42% over the same timeframe.

Airtel will achieve this through multiple interventions including accelerated green energy adoption across its network operations, energy efficient infrastructure and processes as well as implementing sustainable business practices at its workplaces.

Vidut Gulati, Director - Legal, Bharti Airtel said: "Climate change is the biggest challenge facing humanity. We must act collectively without further delay to ensure we do not go past the point of no return and have a sustainable planet. Businesses have a fundamental responsibility to contribute to this effort and Airtel has adopted an ambitious target in this direction and will report its progress transparently."

In a related development, Airtel has also become the first Indian telecommunications company to join the United Nations (UN) Global Compact - the largest corporate sustainability initiative in the world.

By becoming a signatory to the UN Global Compact framework, Airtel is aligning its comprehensive Environmental, Societal and Governance (ESG) initiatives to the global body's 10 principles spanning Environment, Human Rights, Anti-Corruption and Labour. Airtel is already aligned to the Paris Climate Accord.

It has a comprehensive environmental management framework and is proactively implementing clean, fuel-based power solutions for its towers, data centres, switching centres and other facilities. It has achieved 97% reduction in network emission intensity for mobile operations (from FY16) besides 25% increase in renewable energy deployment in operations over same period via various green power wheeling agreements which helped in saving CO2 emissions.

For the FY ending 2021 Airtel e-bills initiative saved 667 tonnes paper sheets, besides 5,554.3 tonnes of e-waste was recycled.

## Hindi is a powerful medium to unite the nation: Om Birla

**New Delhi:** Narrating the versatility & convenience of the national language Hindi in the development of a new India, the Speaker of Lok Sabha Shri Om Birla said that language is also the basis for the development of human beings and civilization. Hindi is the reflection of our culture, tradition and rituals. Hindi also introduces the present generation to the glorious past. Hindi is the main connecting thread that unites all the diversities of our country.

While discussing with the representatives of Lions Club New Delhi Alankanda at his residence, Mr. Birla expressed the above words and wished him a Happy Hindi Day. The delegation was led by Lion Lalit Garg, President of the Club, in which former Chairman of CA Institute Mr. Harish Choudhary, Senior Vice-President of the Club Mr. Adeep Veer Jain, Vice-President Mr. Sushil Kumar Agrawal, Secretary Mr. Abhishek Jain, Treasurer Mr. Vikram Rathi etc. were present. On this occasion, Shri Birla while releasing the poster of 'Azadi Ka Amrit Mahotsav' Hindi essay competition organized at the National level by the Club said that the Amrit Mahotsav of Independence is a matter of pride for the entire nation. We have to try our best to make this occasion memorable. In this essay competition, three fundamental suggestions have been invited from the participants for building a new India. Prizes will be awarded to the first three winners of this competition. Shri Birla appreciated the efforts being made by the Club with a view to promote Hindi language at global level.

On behalf of the Club, Shri Birla was presented with a citation, shawl, garland and bouquet as a mark of respect for his remarkable Hindi services. Club President Mr. Lalit Garg said that at present Hindi is the third most spoken language in the world. Hindi language is getting prestige in the world while Hindi is being neglected in the country. The present government is expected to establish Hindi as the national language.

- Lalit Garg
