## Gehlot only will remain first servant and emperor of Rajasthan.....Rajasthan will never become Punjab

**B**hartiya Janta Party has recently made a strange face like Bhupendra Patel, changed all the ministers of Vijay Rupani's council of ministers and implemented 'Kamraj Plan'. On the same lines Congress too has made his powerful chief minister Captain Amrinder Singh to resign and crowned new chief minister Charanjit Singh Channi a choice of Navjot Singh Sidhu using scheduled caste (SC) card. After this political turmoil all eyes are set on congress governments of Rajasthan and Chhattisgarh.

Against both the chief ministers of these states Ashok Gehlot and Bhupesh Baghel, leaders of their own party and MLAs of a particular group have raised the voice of protest. The dissident group is demanding to implement a two and half a year old formula. According to political sources there is a big difference in ground level conditions in Rajasthan and Punjab. Gehlot has got support of three fourth MLAs, so it does not seem that Rajasthan will ever become Punjab and the first servant and emperor will only be Ashok Gehlot.

Sonia's telephonic talk with Gehlot and Rahul's & Priyanka meeting with Sachin.

Amidst this telephonic talk of Sonia Gandhi with Gehlot and meeting of Rahul Gandhi & Priyanka with Sachin indi-

cates to new political indications, but currently there is no danger to Gehlot's chair being envisaged. Despite that meeting of former chief minister Sachin Pilot with Rahul Gandhi on last September 17 & last Friday have once again heated up mercury in politics of Rajasthan. Prior to meeting with Pilot, Rahul also had feedback from Rehana Riyaz, president, Rajasthan Women Congress. Pilot group is said to be quite happy and active with this. His supporters hope to have good days.

At the same time Pilot rebelling with the party and returning to the mainstream, his fresh meeting with Rahul Gandhi & Priyanka has alerted his opponents. Although details of this meeting have not been made public, but the glaze on the faces of Pilot supporters indicates some change in Rajasthan. However, political experts do not see a big change in Rajasthan like Punjab, but it is definitely assumed that very soon Pilot supporters may get participation in Gehlot ministry and an apt representation in political appointments. Simultaneously, Sachin may once again be entrusted with the responsibility of deputy chief minister and reigns of state congress. However, Pilot himself and his supporters wish to see him as chief minister.

In Rajasthan also there

should be change in leadership as congress could make government in Rajasthan owing to the hard labour of Pilot. He said that if Pilot becomes CM, party will be benefited with it.

\*When Rajasthan Operation begins\*

Political experts say that after the Punjab operation now preparations on 'Operation Rajasthan' have commenced and begun with the meeting of Sachin Pilot with Rahul Gandhi. With this meeting many political speculations are in the air. After revolting against the party, Sachin Pilot has met Rahul Gandhi for the first time during the last one year. Congress sources claim that there have been talks on three issues. Firstly, change in Rajasthan organization, secondly thorough change in Gehlot ministry and third one the issue of future role of Pilot. Pilot supporters claim that Pilot will again be made president of state congress. At the time there may be a major reshuffle in the Gehlot ministry and the organization. Pilot supporters also claim that the party high command wishes to make a new council of ministers by dissolving all the ministers Gehlot's council of ministers. For this party is awaiting the recovery of Gehlot's health of Gehlot and resuming of his regular working.

Government as well in the party organization, but still serious contemplations is on in view of role of Sachin. It is said that party high command is thinking that whether to field Pilot right away or to wait for another one year. \*Tweets of OSD Lokesh Sharma increases difficulties of Gehlot\*

Here Tweets of OSD Lokesh Sharma have increased difficulties of Gehlot. At the time of Captain Amarindra Singh Lokesh Sharma had taunted that a strong person is being compelled. When fence is engulfing the crop... how will the crop be saved? Although controlling the damage well in time Gehlot made Lokesh Sharma resign.

It is now assumed sure to find the place for Sachin Pilot supporters in

In last few days the kind of tussle in the politics of ruling congress between chief minister Ashok Gehlot and groups

of former deputy chief minister Sachin Pilot on restructuring of ministry and party organization and visits of ambassadors of party high command one after another, many speculations were in the air, but ultimately it was inferred that the first servant and real emperor in the politics of Rajasthan is Ashok Gehlot only. Gehlot also proved that one can become a king in politics with the speed of a lion and not with the pace of a tiger. It always remains at the back of his mind the quote of old leader late Haridev Joshi that to achieve the target to become a player of the long race in politics, instead of haste the trust of leadership can be acquired by being steady and decent. Possibly he would have given this Mantra (tip) to Sachin Pilot, but in a haste to reach at the top of heights Pilot mounted a lot of pressure by camping at Delhi. While Ashok Gehlot without coming out of his chief minister bungalow in

dispute\*

It is a matter of discussion in political circles that after Punjab, Rahul Gandhi in consultations with Sonia Gandhi & Priyanka is going to play a big role in settling the Rajasthan dispute. It is said that after his visit to Himachal Pradesh at the end of this month will settle the Gehlot-Sachin clash. In present situations he does not wish to stake both experienced and young leaders. According to reliable party sources, Rahul Gaddhi wishes to strengthen congress party power to three to four states to have representation of workers of all categories in power-building. As per experts, during Navratri festival there may be extension and changes in ministry and political appointments. Sources say that the list of political appointments is ready and has reached Delhi. However, the list has not been decided. For this once again discussions between chief minister Ashok Gehlot. State in charge Ajay Maken, state congress president and state minister for education Govind Singh Datasara will be held to finalize the same.

It is said that Rahul Gandhi is unhappy for not getting participation of the workers in the power, but curtailing down all these controversies, weather of this desert state is likely to be pleasant.

emperor of Rajasthan- additional text

In recent affairs during one week it has been a second meeting of Sachin Pilot with Rahul Gandhi last Friday in Delhi. He also met Priyanka. Simultaneously, Dr. Raghu Sharma, health minister, also reached Delhi on a call from Rahul Gandhi. He has also met with Venugopal, MP and in charge of Rajasthan. Prior to that former speaker of the legislative assembly Dr. CP Joshi also called on Venugopal at Delhi. Harish Chaudhary, revenue minister of the state and Bhanwar Jitendra Singh etc. are also in touch with Rahul and Priyanka.

Everyday some new humorous satires and counterfeits are in view. Everybody is busy making their lobby firm. It is said that now senior congress leader Digvijay Singh will also gauge the minds of ministers, MLAs and party office bearers. Prior to this former state incharge Ajay Maken and Venugopal etc. having completed their last have already submitted their report to the high command.

Hence, what kind of political outcome will be there nobody knows.. it is a matter of high discussion that will there be a new face of the chief minister of Rajasthan on the lines of Punjab ignoring the power of Ashok Gehlot?
