

## Air-conditioned Saral Educare Computer Lab set up in Fatah School with 29 computers

**Udaipur (Dr. Munesh Arora):** Saral Education Care Computer Lab with 29 computers was inaugurated on Monday in Fatah School under the joint aegis of Smt. Sarla Singhvi Charitable Society and Saral Blood Bank. It was inaugurated by Municipal Corporation Deputy Mayor Paras Singhvi, former Congress MP Raghuvver Meena, former Up Zilz Pramukh Laxminarayan Pandya, Principal Chetan Paneri, DEO Mukesh Paliwal, Saral Blood Bank President Ganesh Lal, Founder Shyam S Singhvi, and Sanyam

Singhvi. The lab is air-conditioned, with networking and WiFi facilities.

Deputy Mayor Paras Singhvi said that Saral Blood Bank has done a virtuous task by setting up 29 computers in the government school to make the government students computer proficient today. This work will bring a lot of change in the lives of urban and rural students. The keys of the computer lab were provided to the school management in the hands of the guests.

On this occasion, former Congress MP Raghuvver Meena, while pointing to the

pictures of great men in the auditorium, said that these pictures are not just hanging on the wall but inspires us every moment every time. These great men worked hard at a time when the resources were only in name and the computer could not be thought of. If Bhamashah continues to cooperate in the temples of education in this way, then the day is not far when every student can be able to do a lot in life by taking advantage of smart education. He appealed that there is no dearth of Bhamashah in the city, just the need is to reach them. He should make good use of his wealth by giving his contribution to the temples of education. DEO Mukesh Paliwal said on this occasion that Bhamashah, who made such a donation in the temple of education, deserves congratulations. He said that we are in the 21st century today and computer education is the need of the hour.

On this occasion, Shyam S Singhvi said that it is the

responsibility of every person that whatever you have, whatever you have, some contribution should be made to the temple of education. The children studying in the temple of education will get a better education from this and the money of Bhamashah who gives it will also be utilized properly. Explaining the importance of blood donation in detail, he said that even the simple blood bank had to face a lot of problems during the period of Corona. The availability of blood in the bank was also reduced but there are blood donors in his team who have to make only one call and immediately they appear with their colleagues for donating blood. Role models of voluntary blood donation honored - In the program, he also welcomed the guests by garlanding Umesh Manwani, Gajendra Bhandari, Raktadata Yuva Vahini Sansthan, and Satyendra Pal Singh Kappu by wearing a garland, turban, shawl, and upper-. He said that after recovering from the Corona period,

this simple blood bank, which was started again with the same energy, has engaged in public service. He appealed that wherever, wherever it is, just blood donation should be done.

On this occasion, the hard-working employee of the blood bank, Shri Vikrant Singh was honored. Along with this, kits of bottles and hygienic 3-3 masks were distributed to all the dignitaries present for precaution from corona and due to the possibility of the upcoming corona, the distribution of kits to voluntary blood donors will be continued. Principal Chetan Paneri said that today is a historic day for Fatah School as today's modern and well-equipped computer lab is being dedicated to the students. With this, students will also become smart and they will benefit from smart education. He said that the Government Higher Secondary School was established in 1922. Many students who have studied from here have decorated high positions,

are doing it even today, and will continue to do so.

Giving detailed information about the society, Sanyam Singhvi gave information about the work done from the early stages of the society till date. He said that the society was started at a time when there was no special awareness among the people about blood donation in Udaipur. Gradually, through society, we explained the importance of blood donation through various means, its results are in front of everyone today. He expressed his heartfelt gratitude to the blood donors who have been associated with the society since its inception. In the ceremony that started with Saraswati Vandana, the guests and blood donors were greeted by garland, turban, and shawl. In the ceremony, the teacher Sudha was greeted on her retirement and she was also given a felicitation letter. Hundreds of dignitaries of the city were present at the function. The program was conducted by Dr. OP Mahatma.

## Hindustan Zinc's Jeevan Tarang is an essential step to make schools friendly and inclusive for Hard of Hearing students

**Udaipur:** In an effort to provide equal opportunities to children from all walks of life, Hindustan Zinc is consciously and consistently providing equal educational opportunities and the knowledge of sign language to Hard of Hearing children through its Jeevan Tarang program. The program has so far helped over 600 students, their teachers and parents in learning sign language across 3 districts in Rajasthan.

Hindustan Zinc recently organized a special program with students of Jeevan Tarang program across Ajmer, Bhilwara and Chittorgarh. Students enthusiastically participated in activities like poster making competition, drawing competition, group dance, cultural activities and awareness on preventive measures for COVID.

Communication and languages help us connect with each other. To help the hard of hearing enter the mainstream society, sign language is an important tool of inclusion and socialization. Jeevan Tarang project involves a holistic approach towards inclusion where not just the students but also their teachers and family members are taught sign language. Through this initiative more and more students have been empowered to effortlessly integrate into mainstream education. It has also ensured that teachers and schools are able to foster an inclusive environment. Students are also taught vocational skills to be able to become financially independent and live a life of dignity.

Many hard of hearing students have to deal with daily hardships to be able to communicate and be a part of mainstream education, which often forces them to miss out on valuable experiences and opportunities. In order to change this situation and help these children approach life confidently, Hindustan Zinc in partnership with Noida Deaf Society designed the Jeevan Tarang program where the children and teachers received Indian Sign Language training through a disciplined curriculum.

One of the beneficiaries is Ram Gopal, class tenth student at Deaf School, Ajmer. Since he was young, Ram lacked the necessary learning and communication skills. He had trouble understanding the subjects without sign language. Through the Jeevan Tarang program, he as well his teachers and parents were trained in sign language.

Sharing his happiness, an excited Ram signed, "The Jeevan Tarang program has changed my life completely and now I not only understand the subjects in school easily but have also developed a zeal to study. I am so happy that I can share my thoughts and feelings with my friends, teachers and parents without any problem. I am now teaching sign language to my cousins and people around me."

Ram's school teacher, Ms. Shilpa said, "I learnt sign language after Jeevan Tarang intervention and now I am teaching my subjects with the help of sign language. In my class, Ram communicates with me and clears his doubts effortlessly due to a better knowledge of sign language by both him and me. Ram has found his interest in computers and wants to get a computer job when he is older." 14-year-old Tanu from Bhilwara also has a similar story but today she is an A grade student inspiring her classmates to excel in academic and co-curricular activities.

Tanu's mother says, "Now, we understand Tanu's gestures and she also motivates us to learn sign language for better communication in the family."

After learning sign language, school teachers are also able to communicate with Deaf students. Thank you, Hindustan Zinc and Noida Deaf Society, for your generous support to Deaf children. "During the lockdown, the program ensured online mediums were adopted to continue regular training programs. Zoom, WhatsApp, and recorded videos were used to impart the necessary skills without any interruption."

The parents were also made an integral part of the learning process including counselling and career guidance sessions to help them learn, communicate and work with their hearing impaired children for a better future. Furthermore, these students are also being given an opportunity to learn basic English reading and writing skills, computer skills, and personality development training under the program.

Special workshops for female students were organized on menstrual hygiene management and defense against sexual abuse, to equip them with the courage and a safe space to be able to report such incidents and seek help.

The Jeevan Tarang program that started in 2017 continues to work towards a larger purpose of providing an equal opportunity & integrative environment by strengthening the educational ecosystem and improving learning levels of children with disabilities and make them employable.

## Shriji Arvind Singh Mewar released the book 'Royal Textiles of Mewar'

**Udaipur:** Shriji Arvind Singh Mewar, Chairman and Managing Trustee of Maharana Mewar Charitable Foundation Udaipur released a book titled Royal Textiles of Mewar. Co-author Jyoti Jasol, Foundation's Chief Administrative Officer Bhupendra Singh Auwa, and Deputy Secretary Mayank Gupta were present on the occasion of the launch.

In the released book, important information, pictures, etc. of royal clothes, clothes, etc. used by the Mewar state family are collected. In ancient times, these clothes and garments were measured accord-

ing to 'Prati Tola', the unit of measurement of gold, which was very valuable. According to the Bahids written during the time of the Maharanas of Mewar, these clothes were ordered from Banaras. The costumes consisted of women's costumes of odhna, ghagra, Kurti, kanchali on which karchovi embroidered (embroidered) gizai, dhabka, nakshi, bakdi, katori, silk thread, pieces of beetle feathers, danka etc. The borders were decorated with figures of bells, peacocks, flowers etc.

The book lists achkans, kurtas, kamarbands, dhoti, shawls, pag-turbans, etc. in

masculine clothes. On these clothes, many beautiful and beautiful figures and borders are made in the embroidered silk threads, in which the description of suitable clothes in simple clothes along with festive clothes is presented. Similarly, the illustrated description of the clothes of the virgins, princesses and children, jutti, mojdiyan, etc. is presented. Pachisi, played with many costumes used in the royal family, besides chess, bedding, curtains, bedsheets, covers, etc. are made of velvet and silk cloth, on which many artifacts have been engraved with silk threads and

embroidery. Along with the members of the royal family, many types of mind-blowing works have been done on the clothes used or worn for the elephant-horse, carriages, palanquins, dolls of the palaces. A pictorial description of the clothes to be worn by Thakur Ji in the temples and the curtains used in the temple, the works of the Pichwai are presented in the book. On the occasion of the book

launch, Arvind Singh Mewar said that the apparel and textiles displayed in the book Royal Textiles of Mewar are an important part of the vibrant heritage of Mewar, many of which are displayed and stored in the Gokul Gallery at the City Palace Museum, Zenana Mahal, Udaipur. Mewar further dedicated the book to his mother Shri Rajmata Sahiba Sushila Kumariji and said that it is a matter of good fortune and honor for me that my late mother carefully preserved and preserved this family legacy of Mewar for future generations. Shriji has given a mention of his childhood memo-

ries in the foreword of the book. The editor and writer of the book Rosemary Krill and co-authors Jyoti Jasol, Anamika Pathak, and Smita Singh worked hard on the book for a long time and listed it in the form of a book. This book will prove to be very important for researchers, students, inquisitors, etc. Renowned photographer Neil Green tree has captured many stunning photographs from the collection, which are featured in the book. Also, Padma Shri awardee Rahul Jain, who has presented his valuable suggestions regarding this project.

## Prof.S.S. Sarangdevot honored with "Mewar Gaurav Samman"

## Pacific University receives Education Excellence Award 2021

**Udaipur:** Education Excellence 2021 Award was given to Pacific University by Zee Hindustan and Zee Group for their contribution in the field of education. Pacific University is the only university in Rajasthan to receive this award, the university has served society in the field of education for the last 24 years, for which it has been awarded in its name by meeting many criteria.

Rahul Agarwal, Chairman of the Pacific Institute, whose dream is that this university should provide quality, affordable and accessible education to the general public on the map of India. The university is moving towards it and this award reflects their tireless efforts. On

behalf of the University, Vice-Chancellor Prof. Krishnakanta Dave received this prestigious award. The award was given at Hotel Taj Palace New Delhi. Prof. Krishnakanta Dave was also invited for the panel discussion. In which the Vice-Chancellor of Delhi University, Puran Chand Joshi, Shamsher Singh, Managing

Editor of Hindustan and Manoj Jigyasu, and Vice Chancellors of India's leading educational institutions were present.

The program was telecast live nationally. How India became the tourism hub of the field of education and which courses should be started so that students from abroad can come to India and get an education, Vice-Chancellor Prof. Krishnakanta Dave also gave a lecture on this.

The registrar of Pacific University Sharad Kothari and the Dean and Directors of the University appreciated this achievement and all the employees of the University determined to do more work in this field with full devotion. The personalities associated with the education world were honored in the program. Saluted the courage and spirit of the personalities associated with the education sector.

During the Corona period, there were a lot of problems in the field of education, in such a situation it is necessary to understand all these things that how universities, colleges, and institutions are removing the obstacles faced by the students, how they are making the students aware to deal with the challenges. How are giving information to the students about higher education, how much contribution is made in making the admission process easier, how are you preparing the students for the competition.

## Breast cancer screening camp tomorrow

**Udaipur:** GBH General & Memorial Cancer Hospital and Garima-Cain Foundation will organize a Breast Cancer Screening Camp at GBH General Hospital on Tuesday, 28th September. This type of camp is being organized for the first time in southern Rajasthan in which early detection of breast cancer will be possible.

Group director Dr. Anand Jha told that breast cancer specialist Dr. Garima Mehta will give free consultation. Breast cancer screening of women of all ages will be done with the Nirmai computer-based machine. This facility is available in only four cities in the country including Bangalore. For the first time, such screening will be possible during the camp at GBH General Hospital. There is no touch, sight, or pain in this. Apart from this, there is no side effect of radiation. With a machine with such

technology, the team will be present at GBH General Hospital on 28 September. This team will do real-time screening and reporting from Bangalore.

It is worth noting that Garima-Cain Foundation has been working on breast cancer for a long time. The women getting tested in this will have to come with some precautions.

## Actress Aarushi Sharma's new track in TV serial "Ranju Ki Betiyaan"

Now a days the heroines have nothing much in the film, except to flaunt their glamour: Aarushi Sharma

The multi-faceted talented actress Aarushi Sharma who has left an indelible impression of her acting on viewers' mind with her TV serials like "Jag Jaanani Maa Vaishnodevi" and "Muskaan" is now performing in the TV serial "Ranju Ki Betiyaan" being telecast now a days on "Dangal TV". Her performance is being widely appreciated and her role as Muskaan is being highly acclaimed by the viewers.

About her role in "Ranju Ki Betiyaan", actress Aarushi Sharma says "I am playing a role of Ranju's third daughter. My mother brings us up - we four sisters. My father deserts our mother and goes to Lalita Mishra (Deepshikha) and harasses our family. Till now my role was that of an innocent and bubbly girl. But henceforth my role will be different and the viewers will be taken aback by my new role. The viewers will certainly like the new twist in the story."

About her film ventures Aarushi says "I had signed a film in the South. However the project could not start early due to corona pandemic. Now it may start soon. That way I was highly benefitted by the ad films for "Parle Hide and Seek" and "Tata Tiago" car. I want to play only good and challenging roles portraying good characters. Talks are going on for many film projects, but now a days the heroines have nothing much to do except to flaunt their glamour. Comparatively there is a better scope for acting in TV serials."

## Much awaited Made in India Volkswagen

## SUV Tiguan now available in Udaipur

**Udaipur:** German four-wheeler maker Volkswagen today launched its much-awaited Made in India SUV Tiguan at its dealer Rajesh Motors located in Madri Industries area in Udaipur. So far 111 Tiguan cars have been pre-booked. Rahul Shah, Director, Volkswagen Udaipur, said that more than 40 safety features have been provided in this vehicle. Which makes the drive easier. There is such a tremendous response from the customers towards this vehicle that 111 customers in Udaipur have already booked it before its arrival. The Volkswagen SUV Tiguan is 100% manufactured in India with reliable German engineering, he added. It is offered in different variants with a starting price of Rs. 10 lakh 49 thousand 999 and ex-showroom price of Rs. 17 lakh 49,999 which are very competitive in this segment. The car is available for a test drive at the showrooms. Many dignitaries and financiers of the city were present on this occasion.

## Printer presented in school, children will get a facility

**Udaipur:** A printer was presented by the Inner Wheel Club of Being Manav in Government Higher Secondary School Hiran Magni for the cooperation of children

Club Divya Bajaj told that the purpose of this is that children do not have to spend money for taking out printouts, getting notes, and other important works and they do not have to go out. By getting a printer, the time of the children will be saved, along with it it will also be easy for them to save their documents. This can be used by school children to make their notes, take printouts. For this, a paper sheet has also been presented by the club.

## Let's Restart the Tourism

On the lines of 'Atithi Devo Bhavash', a one-day program was celebrated by the students at the Pacific Institute of Hotel Management, Pacific University, on World Tourism Day.

Institute Director Shri Vinod Kumar Singh Bhadauria said that World Tourism Day is a very important day. Through tourism, everyone gets information about the cultures, food, and clothing of every country. Keeping this in mind, poster making was done by the students of the institute on the theme 'Smajshe Tmejantz Jim Jwanteu (Let's Restart the Tourism)' and Rangoli was also made in the institute. All the students were told the importance of tourism by Director Shri Vinod Kumar Singh Bhadauria. Faculty members of the institute also shared their important thoughts on 'World Tourism Day' with the students. The program was conducted by the faculty members of the institute Rohit Mathur and Shailesh Kumar Mathews.
