

# Panache 2024 : A Symphony of Excellence, Unity, and Creativity at SPSU

**Udaipur:** Sir Padampat Singhania University (SPSU) in Udaipur recently hosted the spectacular annual event, Panache 2024, under the visionary guidance of Col. (Dr.) Sanjay Sinha, Head of Education, Education Vertical, JK Cement. This multidimensional extravaganza unfolded its vibrant tapestry on February 28, 2024, initiating a journey that seamlessly blended sportsmanship, creativity, and innovation.

The grand inauguration, led by Professor Sadananda Prusty, Dean of the School of Management, set an inspiring stage for an event that aimed to transcend conventional boundaries, fostering holistic growth among participating students. The resonating message to set ambitious goals, maintain high spirits, and work with vigor echoed throughout the opening ceremony, urging attendees to strive for excellence and achieve significant milestones.

Dedicated to a myriad of sports events, the inaugural day saw the campus buzzing with energy as football, bas-

ketball, kabaddi, cricket, and volleyball matches unfolded. The participation of students from prominent institutions across the city, including Mohanlal Sukhadia University (MLSU), College of Technology and Engineering (CTAE), Geetanjali Institute of Technology, Pacific University, and others, added to the vibrant atmosphere of Panache 2024.

Faculty and students alike celebrated commendable

sportsmanship displayed throughout the event, creating an environment where bonds of friendship were strengthened, cherished memories were forged, and aspirations were kindled. Coordinated by the dedicated efforts of Dr. Deepak Vyas, Dr. Monika

Anand, Dr. Shibani Banerjee, and Dr. Archana Gajbhiye, the day exemplified the spirit of Panache 2024 and its commitment to providing a platform for holistic development.

The festival, organized by SPSU, transcended the realm of sports alone, showcasing a diverse array of activities catering to varied interests and passions. From intellectually stimulating technical competitions to culturally rich performances celebrating diversity, and from sports events fostering teamwork to management challenges refining leadership skills, Panache 2024 offered an enriching experience for all attendees.

Workshops on Block Printing, Molela Terracotta, Origami Art, and more further nurtured creativity, allowing students to delve into the rich traditions of these crafts. Skilled instructors guided participants, fostering a deeper appreciation for cultural heritage and providing a unique blend of education and entertainment.

A notable highlight of Panache 2024 was the Shark Tank Competition, providing a

platform for entrepreneurial minds to shine and unveil unique, globally relevant solutions. This dynamic platform not only showcased innovation but also encouraged students to think outside the box and contribute to the global entrepreneurial landscape.

The evenings were adorned with vivacious dances, foot-tapping music, and the much-anticipated Sufi Band performance. Dressed in ethnic attire, students immersed themselves in melodic notes, resonant cheers, and enthralling displays, infusing the festivity with an atmosphere of excitement, joy, and positivity. The cultural richness of these performances not only

entertained but also served as a testament to the diversity and unity within the SPSU community.

As Panache 2024 unfolded, it became increasingly evident that this festival was more than just a showcase of talents; it was a celebration of the spirit of unity, creativity, and collective achievement. The festival served as a melting pot for ideas, fostering an environment where students from various disciplines could interact, collaborate, and learn from each other.

The valedictory event marked the culmination of Panache 2024, where the Deans, Registrar, and faculty members motivated the stu-

dents, acknowledging their efforts and achievements throughout the festival. The coordinated efforts of Dr. Deepak Vyas, Dr. Monika Anand, Dr. Shibani Banerjee, and Dr. Archana Gajbhiye ensured the seamless execution of the event, leaving a lasting impression on the participants and contributing to the success of Panache 2024 as a holistic platform for growth and celebration.

In the realm of sports, the competition was fierce, and the results reflected the dedication and skill of the participants. In football, GR Sports (SPSU) claimed the first prize, showcasing their prowess on the field, while CTAE secured the second position. The cricket arena witnessed GITS (SPSU) emerging victorious, clinching the first prize, with Pacific University securing the second spot.

Volleyball, a game of teamwork and strategy, saw CTAE seizing the first prize, followed by Bhatewar School in the second position. The basketball court witnessed fierce competition among the girls,

with CTAE securing the first prize and SPSU claiming the second position.

Kabaddi, a game of strength and agility, saw Olympus emerging triumphant, securing the first position, followed closely by Olympus in the second spot. The basketball court, a battleground for skill and precision, witnessed CTAE claiming the first prize, while SPSU secured the second position.

As the cheers and cele-

tions mirrored the dedication and skill displayed by the participants, adding another layer of achievement to the multifaceted success of Panache 2024.

Panache 2024 at SPSU was a resounding success, bringing together the elements of sportsmanship, culture, and innovation in a harmonious blend. The festival not only showcased the diverse talents of the students but also served as a catalyst for per-

brations echoed through the campus, it was evident that Panache 2024 had left an indelible mark on the participants, fostering a sense of unity, accomplishment, and cultural appreciation. The results of the sports competi-

sonal and collective growth. As the echoes of Panache 2024 lingered in the air, it left behind a legacy of unity, creativity, and excellence, setting the stage for future editions to surpass the brilliance of this extraordinary celebration.

## Pacific University Hosts International Conference on Integrative Chemistry, Biology, and Translational Medicine

**Udaipur:** Pacific University, in collaboration with Hansraj College, Delhi University, Mayo Clinic, USA, Hitrochem Inotech Pvt. Ltd., and Pacific Medical University, is set to host a three-day international conference on Integrated Chemistry, Biology, and Translational Medicine. The event, commencing today and continuing until March 10, will see the participation of 750 attendees, including 150 scientists from 12 different countries.\*

Chairman Rahul Agrawal emphasized the significance of the conference, bringing together researchers, educators, and medical practitioners

to delve into cutting-edge research in the fields of chemistry, biology, and translational medicine. The conference aims to foster collaborative efforts in discovering new drugs, addressing challenges, and exploring opportunities in healthcare.\*

The inaugural session, scheduled for March 8 at the Pacific University Auditorium, will be graced by the Chief Guest, Professor Balram Pani, Dean of Colleges at Delhi University. Guest of Honor, UNESCO M.G.I.P Chairman Professor B.P. Sharma, along with Principal Professor Rama from Hansraj College, Delhi, and Principal Investigator

Professor Julian Leskar from Nanyang Technological University, Singapore, will address the gathering.\*

the three-day event will feature simultaneous technical sessions each day, designed to enhance aware-

ness among young researchers and scientists. The conference will cover a range of topics, including recent developments in natural antibiotics, advancements in anti-malarial drugs, and discussions on neurochemistry and innovative research in neurology.\*

\*Furthermore, the conference aims to facilitate collaborations and knowledge exchange between Pacific University and various esteemed institutions globally. Memoranda of Understanding (MoUs) are expected to be signed between Pacific University and Delhi University, as well as between

Pacific University and the University of Debrecen, Hungary, fostering academic cooperation and joint initiatives.\*

Professor K.K. Dave VC highlighted the conference's primary objective of advancing research and development in the discovery of new drugs and radio-pharmaceuticals. He expressed optimism about the conference providing a platform for scientists, educators, and professionals to collectively contribute to advancements in healthcare.\*

\*In addition to the scientific sessions, the conference will feature awards for the best poster and oral presentations,

recognizing outstanding contributions in the field. Special sessions on stress management in psychometric disorders, led by experts from Pacific Medical University, are also scheduled during the event.\*

\*Rahul Agrawal, Chairman of the conference, concluded the press conference by encouraging active participation and collaboration among attendees. The conference promises to be a landmark event, offering a unique opportunity for researchers and students in the Udaipur region to gain valuable insights and contribute to the global discourse on integrated sciences and medicine.\*

## Celestial Unions: The Blissful Nuptials of Jeevika and Tathagat

In a joyous celebration of love and unity, the city of Udaipur witnessed the sacred matrimony of two illustrious individuals, Jeevika Gothwal, the daughter of senior journalist Dinesh Gothwal, and Tathagat Chaturvedi, scion of the renowned astrologer Kuldeep Chaturvedi. The splendid ceremony unfolded at the Field Club, graced by the esteemed presence of various dignitaries, including the honorable Governor of Assam, Gunalabchand Kataria, City MLA Tara Chand Jain, former MLA of Mavli, Dharmanarayan Joshi, and other notable figures.

### A Fusion of Hearts and Stars:

The nuptial knots tied between Jeevika and Tathagat symbolized a harmonious blend of traditions and modernity. The celestial alignment mirrored the auspicious union, emphasizing the convergence of diverse backgrounds in the spirit of love.

### Political and Cultural Luminares Shine Bright:

The event was a star-studded affair, with political figures like Pankaj Sharma, Dr. Jinendra Shastri, Rajrajeshwar Jain, and luminaries from the medical fraternity, including Dr. A. R. L. Suman, Dr. D. P. Singh, and Dr. D. C. Sharma, gracing the occasion. Their presence added an extra layer of significance to the celebration, underscoring the collective joy shared by the city's intellectual and influential circles.

### A Tapestry of Tradition and Elegance:

The wedding, adorned with vibrant hues, floral arrangements, and intricate decorations, showcased the rich cultural tapestry of Udaipur. The couple, resplendent in traditional attire, radiated happiness as they embarked on this new chapter of their lives.

### Rotary and Lions Clubs Extend Warm Felicitations:

Members from Rotary and Lions Clubs contributed to the jubilant atmosphere, offering warm wishes and blessings to the newlyweds. Their presence underscored the community spirit and shared joy that permeated the festivities.

### Blessings from Elders and Well-Wishers:

Distinguished guests, elders, and well-wishers showered the couple with blessings for a blissful and prosperous journey ahead. The event, more than a union of two individuals, became a celebration of unity, love, and shared aspirations.

The union of Jeevika and Tathagat marked not just a marriage but a confluence of hearts, cultures, and blessings. The celestial alignment mirrored the auspicious union, emphasizing the convergence of diverse backgrounds in the spirit of love. As they embark on this journey together, the couple carries with them the collective goodwill of the city, making their wedding an affair to be remembered for years to come.

## Salumbar Farmers Embrace Organic Training

Maharana Pratap University in Udaipur conducts specialized organic farming training for Salumbar district farmers, promoting sustainable practices. Led by District Collector Jasmeet Singh Sandhu, the initiative educates on organic fertilizers and bio-pesticides, encouraging alternatives to harmful chemicals. The training, supported by Hindustan Zinc Limited, aims to enhance crop cultivation using locally available resources. District administration actively backs the initiative, fostering a shift towards eco-friendly farming practices for improved human health and soil quality.

## Paras Health Advocates Bariatric Surgery for Obesity Control

Udaipur's Paras Health highlights the global concern of obesity on World Obesity Day, March 4th. Dr. Sapna Ashok Jain and Dr. Abhishek Vyas from Paras Health stress the impact of obesity on health, linking it to diseases like diabetes and heart issues. They advocate bariatric surgery, a minimally invasive technique reducing stomach size and addressing associated problems. The experts underline the importance of lifestyle changes, nutrition, and exercise for effective obesity control.

## Successful ENT Workshop on Nasal and Sinus Surgery at GMCH

**Udaipur:** Geetanjali Medical College and Hospital (GMCH) in Udaipur conducted a pioneering workshop on Nasal and Sinus Endoscopic Surgery. Led by Dr. Pritosh Sharma, the event included lectures by Dr. Nitin Sharma and Dr. Anamika, offering essential insights. Fifteen experienced ENT surgeons from Rajasthan, Gujarat, and Madhya Pradesh participated, benefiting from hands-on cadaver training. The workshop, attended by regional faculty, marked a significant step in advancing surgical expertise. GMCH

## Krishna Asarwa Earns Ph.D. for Ibis Bird Research

**Udaipur:** Krishna Asarwa receives a Ph.D. from Mohanlal Sukhadia University, Udaipur, for his research on three ibis bird species under Dr. Vijay Kumar Koli's guidance. The study

dives into the feeding ecology, food availability, and habitat selection of Black-headed, Red-naped, and Glossy Ibis in Udaipur, Rajasthan. Findings reveal distinct behaviors, with Red-naped Ibis showing adaptability to human-influenced areas. Asarwa's research provides crucial insights for the conservation and management of these avian species, emphasizing the importance of avian studies in preserving diverse ecosystems in Rajasthan.

## Women Farmers Empowered in Spice Crop Price Enhancement

**Udaipur:** The All India Coordinated Research Project on Integrated Farming for Women, sponsored by the Directorate of Supari and Spice Development, conducts a one-day training on "Price Enhancement in Spice Crops" at the 'Brahmanon Ki Hundi' Smart Village, Udaipur. Dr. Hemu Rathore Acharya inaugurates, emphasizing the significance for women farmers. Specialist Shilpa Chelawat covers practical aspects of enhancing turmeric and chili value. Dr. Kusum Sharma details beverage and sweets production using turmeric. Seventy women farmers actively participate, discussing challenges and receiving solutions. Seedlings are distributed, fostering kitchen garden cultivation. Anushka Tiwari expresses gratitude for successful coordination and active participation.

## Farmers' Smiles Follow Product Training

**Udaipur:** The College of Fisheries at Maharana Pratap Agriculture and Technology University concludes a three-day training program. Led by Dr. R.A. Kaushik, the program establishes an aquaculture processing unit to enhance value-added fishery product production. Grateful for ICAR-CIFT Veraval's contributions, Dr. Kaushik envisions improved products for tribal area farmers. Trainees receive

essential materials, and Dr. B.K. Sharma encourages knowledge sharing among farmers. Dr. Ashish Jha emphasizes utilizing resources for increased income. The ceremony, led by Dr. Suman Takar, concludes with gratitude expressed by Dr. M.L. Ojha.

## Empowering Women: A Transformative Dialogue

All India Bari Society's National President, Shri Satyendra Kumar Bari, engaged in a significant discussion with former Vice-Chancellor

Prof. Amarka Singh on women's empowerment. Recognizing women's pivotal role, they emphasized positive economic and social policies. Prof. Singh highlighted the evolving status of women in society, underlining their impact on education, culture, and tradition. Shri Bari stressed the need for economic independence through education and skill development, fostering entrepreneurship. Citing historical examples, he affirmed Indian women's capability to overcome challenges and contribute to diverse fields, affirming their inherent leadership qualities as an asset to society.

## DPS Udaipur Students Excel at International Social Studies Olympiad

**Udaipur:** Delhi Public School (DPS), Udaipur, proudly celebrates its students' remarkable achievements at the International Social Studies Olympiad by the Social Olympiad Foundation. Reyansh Jain, an Art Class 6 student, secured an impressive international rank of 4, earning accolades and prizes, bringing honor to the school. Other talented students from various classes also showcased excellence, with Mansi Shekhawat, Arav Jain,

Shouryaveer Singh Panwar, Niravika Vyas, Anshul Nayar, and Devaj Singh securing notable ranks and receiving the Gold Medal of Excellence. Principal Mr. Sanjay Narvaria and Vice-Principal Mr. Rajesh Dhabhai extended their heartfelt congratulations to the students and parents for this significant achievement.

## Marg ERP Conducts Educational Seminar at B.N. College of Pharmacy

**Udaipur:** B.N. Pharmacy Administrator, Dr. Y.S. Sarangdevot, proudly announced the success of an educational seminar organized by Marg ERP Limited at B.N. College of Pharmacy in Udaipur. Kaval Jeet Singh Taneja, Director of Marg ERP, enlightened students on the features of Marg ERP software and its optimal use in the pharmaceutical sector. The seminar, aiming to impart entrepreneurial techniques, garnered enthusiasm from students, fostering exploration of innovative dimensions in the pharmaceutical field. Marg, a leading ISO-certified company, plays a pivotal role in the digital transformation of businesses, particularly in the pharmaceutical and FMCG industry. The event witnessed notable attendees from academia and industry, further enriching the learning experience for students.

## Dr. Goyal Warns on Keto

Renowned Dr. V.K. Goyal, at APICON 2024, cautioned on Keto Diet's weight loss trend. Speaking at the conference, he stressed its unsuitability for everyone and potential health risks. A recurring APICON speaker for 15 years, Dr. Goyal's expertise has also contributed to the annual medicine book, benefiting post-graduate students globally.
