

Udaipur's Biodiversity to be Promoted to Tourists : Divisional Commissioner

Udaipur (Dr. Munesh Arora) : The Udaipur Zoological Development Trust meeting was held on Monday under the chairmanship of Divisional Commissioner and Trust President Rajendra Bhatt. The meeting, attended by various high-ranking officials and trust members, aimed to attract tourists to Udaipur's biodiversity hotspots.

Key Directives and Decisions

1. Increased Publicity: Divisional Commissioner Bhatt emphasized the need to better inform tourists about

Sajjanganh Wildlife Sanctuary and Biological Park. He directed the Forest Department to coordinate with the Municipal Corporation to install hoardings at prominent locations in the city.

2. Enhancing Facilities at Tourist Sites: Hotel Association and Guide Association members were instructed to provide sufficient information and display flex boards about biodiversity sites to their guests.

3. Financial Management: D.K. Tiwari, Deputy Forest Conservator (Wildlife), presented the trust's income and expenditure report. The focus was on increasing revenue by boosting the number of tourists through extensive publicity and enhancing facilities at these sites.

4. Important Suggestions: Key suggestions from Green People's Society President Rahul Bhatnagar, environmentalist Dr. Tej Rajdan, and Trustee Arvind Singhal included creating enclosures as per the Sajjanganh Biological Park master plan, enhancing visitor amenities, and promoting

habitats for various wildlife species.

5. Development of Baghdara Crocodile Sanctuary: Recommendations were made for creating a fire line, erecting fences, promoting student campaigns, and enhancing visitor facilities in the Baghdara area.

6. Free Entry for Tourist Guides: Accredited tourist guides will be granted free entry to Sajjanganh Wildlife Sanctuary and Biological Park to encourage them to bring more visitors to these sites.

orarium for snake catchers from ₹100 to ₹300 for safely relocating snakes to protected forest areas during the summer and monsoon seasons.

8. Timeline for Projects: Divisional Commissioner Bhatt instructed the officials to list and timeline all proposals and decisions. Progress on these projects will be reviewed in the next meeting, which is scheduled for the following month instead of the usual quarterly schedule.

In summary, the meeting focused on significant decisions to develop and promote Udaipur's biodiversity sites, aiming to attract more tourists and familiarize them with the city's natural heritage.

National Workshop on Hands-On Training in Animal Handling & Basic Experimental Techniques

National Workshop on Hands-On Training in Animal Handling & Basic Experimental Techniques organized by Nims Institute of Pharmacy, Nims University Rajasthan

In a pioneering initiative aimed at fostering excellence and ethical practices in animal research, a one-day national workshop on Animal Handling & Basic Experimental Techniques was organized by NIMS Institute of Pharmacy, NIMS University Rajasthan.

Workshop attracted participants from diverse backgrounds eager to deepen their understanding and proficiency in working with animals for research purposes.

The workshop agenda comprised a comprehensive blend of theoretical insights and practical, hands-on sessions facilitated by seasoned experts in the field.

Dr. Ravindera Pal Singh, Principal, Nims Institute of Pharmacy said that the objectives of this Workshop to put forward an effort in minimizing the gap between inter disciplinary & multi-disciplinary research opportunities for the wellbeing of human kind.

Pro vice chancellor Dr.S.C Soni and Dr Sunil Bhatnager emphasize that participant can add to their skills with these types of workshops, and can boost up their opening & opportunities abroad for higher studies.

"Ensuring the welfare and ethical treatment of animals in research is paramount," remarked by Dr. Rajesh Kumar Sharma, organizing secretary of workshop. Guest speaker of workshop was Gaurav Sharma, Pharmacologist from National Institute of Ayurveda and Other speakers were Dr. Ashish Kumar Sharma and Dr. Dharmendra Khatri was also covered insight of scientific session. Throughout the day, participants engaged in a series of interactive sessions covering topics such as animal behavior, species-specific handling techniques, anesthesia administration, and basic experimental procedures.

Dr Amrika Singh Adviser Nims University and former VC also send there good wishes and blessing for the success of the workshop.

Dr. Anand Paliwal Commended at NIMS University: Advocating for Quality Legal Education and Socio-Economic Justice

Jaipur: Dr. Anand Paliwal, a full-time member of the 22nd National Law Commission, was warmly welcomed at NIMS University on his visit. On this occasion, Dr. Paliwal delivered a lecture discussing the current landscape of legal education and the national education policy.

During the event, Chairman Dr. Tomar briefed Dr. Paliwal about various academic activities, curricula, and innovations in legal education conducted by NIMS University. He also discussed expected improvements in legal education and research. Dr. Anand Paliwal, a member of the National Law Commission, emphasized the university's continuous progress in maintaining the importance of legal education through various programs in law and other disciplines. He stated, "NIMS University is continuously advancing with a strong commitment to providing legal education that can develop justice education as a means of social, political, and economic change. The new education policy has made several expected improvements aimed at equipping our students, teachers, and educational institutions with the right skills and capabilities, thus bringing about a significant transformation for a vibrant new India."

NIMS Chairman Dr. Tomar expressed the university's commitment to providing opportunities for comprehensive academic development to the state's higher education students through various employment-oriented programs. He also reiterated the university's commitment to determining the quality standards of academic development and higher education through quality research and educational innovation at the national and international levels. Advisor Prof. Amerika Singh emphasized the necessity of quality in higher education, noting that the university is enhancing the quality of research and education with national and international innovative initiatives.

Dr. Anand Paliwal, a member of the National Law Commission, emphasized the university's continuous progress in maintaining the importance of legal education through various programs in law and other disciplines. He stated, "NIMS University is continuously advancing with a strong commitment to providing legal education that can develop justice education as a means of social, political, and economic change. The new education policy has made several expected improvements aimed at equipping our students, teachers, and educational institutions with the right skills and capabilities, thus bringing about a significant transformation for a vibrant new India."

GMCH :A Beacon of Hope for Desperate Patients

Udaipur: Dr. Kamal Kishore Bishnoi and his team at Geetanjali Hospital's GI Surgery Department have achieved remarkable success, providing new hope to three patients from underprivileged backgrounds. Despite having small intestines reduced to just 20 and 60 centimeters—far below the minimum 100 centimeters typically required for survival—these patients are now living healthy lives on regular diets, avoiding the exorbitant costs of parenteral nutrition.

The small intestine, vital for digestion, usually measures 5-7 meters. It includes the duodenum, jejunum, and ileum, which together facilitate nutrient absorption. Disorders like gas, abdominal pain, and infections can disrupt its function, but proper nutrition and hydration are essential for maintaining its health.

Three patients, 46-year-old Munna Khan from Udaipur, 63-year-old Nathulal from Bhillwara, and 34-year-old Shabana from Mandsaur, faced critical conditions due to extensive gangrene in their intestines. Rejected by other hospitals, they turned to Geetanjali Hospital, where Dr. Bishnoi's team successfully operated on them. Post-operative care included a specialized diet that allowed their shortened intestines to function effectively.

Dr. Kamal highlighted that patients typically require intravenous nutrition costing ₹4000-₹5000 daily, but his team managed to sustain these patients on modified oral diets, significantly reducing expenses. The success of these surgeries exemplifies the hospital's capability to handle complex cases with advanced techniques and dedicated care.

Rishi Kapoor, COO of Geetanjali Hospital, commended the GI Surgery Department for their outstanding work, emphasizing their role in transforming lives and offering hope to those in dire situations. Geetanjali Hospital continues to set benchmarks in medical care with its comprehensive and advanced treatment facilities.

Nine-Day Camp "Goodbye Tension" Concludes Successfully

Udaipur: The nine-day "Alvida Tanav Happiness Program" held at the Moti Mangri Scheme Park under the aegis of the Brahma Kumaris Ishwariya Vishwa Vidyalaya concluded with a "Goodbye Tension" celebration. Stress relief expert Poonam Behan wrapped up the program by explaining the divine messages from the Murlis, celebrating the final day with joy.

According to the program's media coordinator, Professor, Poonam Behan elaborated that Murlis contains the divine messages delivered by the incorporeal Supreme Soul through the body of Prajapita Brahma. Murlis is a reservoir of new, positive, and powerful thoughts. By incorporating this knowledge into our lives, we can progress steadily and contribute to building a happy society. As long as individuals remain aware of their physical body, they will continue to experience suffering, illness, and hardships. However, the moment they perceive themselves as souls and embrace their seven intrinsic qualities (peace, love, happiness, bliss, purity, power, and knowledge),

they will naturally become free from life's ailments. Our thoughts shape us, and by harnessing the immense power of the mind, we can overcome the five vices (lust, anger, pride, attachment, greed) and lead a life free from the consequences of negative actions. By internalizing the teachings of Murlis, we can erase sins from many lifetimes and lead a more fulfilling life. Additionally, meditation infuses us with new energy, enhancing concentration, eliminating mental distractions, and enabling mastery over our senses. Regular practice yields remarkable results.

The "Goodbye Tension" celebration was marked with enthusiasm, featuring a symbolic farewell to tension.

Participants enacted scenarios depicting stress, illness, and conflicts, bidding them farewell with songs like "Chal Ud Ja Re Panchi," "Aaj Purani Rahon Par," "Hum To Chale Pardes," and "Teri Galiyon Mein Na Rakhenge Kadam." The event concluded with everyone joining the Laughing Buddha in a joyous dance, filling the stage and pavilion with laughter and celebration.

In her address, Chief Coordinator Brahma Kumari Rita Behan noted that after nine days of listening and practicing, everyone's faces were glowing.

Reiterating the importance of Murlis, she said it is the nourishment for the soul needed daily. Listening to Murlis resolves problems related to

body, mind, and wealth. Following Poonam Behan's camp, participants gained confidence that sincerely remembering Shiv Baba during crises would bring his presence to alleviate their pain and suffering. With nature's five elements becoming our friends, our bodies remain healthy and function smoothly.

A happy family, she said, is built on the principle of mutual understanding and respect. Sometimes, interpreting "harmony" as "acceptance of others' views" can lead to immense peace and happiness in the family. She expressed heartfelt gratitude to Poonam Behan on behalf of the citizens of Udaipur for the divine flow of knowledge and wished her a long and blessed life.

Brahma Kumari Shanti Behan announced that for the next 15 days, special sessions of Murlis and meditation would be held from 7 to 8 AM and PM at the Moti Mangri Center. Thereafter, the regular spiritual activities at the center will continue as usual, with all Brahma Kumari sisters welcoming everyone.

Sangam University Wins Gold at All India Inter-University Drop Roball Championship

Bhillwara (Pawan Garg): Sangam University has secured the second position in the All India Inter-University Drop Roball Championship. Sports Officer Sanjay Sharma reported that the winning team included Keshav Singh, Abhijeet Singh, Naveen Kumawat, Bhavesh Pareek, Aman Didwania, Kunal Khatik, Ayush Sankhla, Anurag Sansi, Chetan Sankhla, Kavita Chauhan, Sanju Jat, Nandini Chauhan, Santosh Khurkhuriya, and Aarti Suthar.

Sangam University clinched gold in the Super Event, with Abhijeet Singh, Kavita Chauhan, Naveen Kumawat, and Aarti Suthar delivering standout performances. In Men's Doubles, Keshav Singh, Bhavesh Pareek, Anurag Sansi, and Kunal Khatik won silver, while Nandini Chauhan secured silver in Women's Singles. These achievements earned the team the overall second position in the championship.

Vice Chancellor Prof. Karunesh

Saxena, Pro-Vice Chancellor Prof. Manas Ranjan Panigrahi, and Registrar Prof. Rajeev Mehta praised and encouraged the players for their remarkable performance and success.

National Seminar on "Viksit Bharat-Viksit Mewar 2047" to be Held on May 28

Udaipur: The Aravali Vikas Manch, in collaboration with the Department of Economics at Mohanlal Sukhadia University, is set to host a one-day national seminar on May 28, focusing on the theme "Viksit Bharat-Viksit Mewar 2047." The event will take place at the Bappa Rawal Auditorium in the university's Golden Jubilee Guest House, spanning three sessions.

The inauguration session will feature TAD Minister Babulal Kharaadi as the Chief Guest. Udaipur City MLA Tarachand Jain will be the Special Guest, and Dr. Mannalal Rawat, Director of Teer Foundation Nashik and a renowned social worker, will be the keynote speaker. The

session will be presided over by Prof. Sunita Mishra, Vice-Chancellor of Sukhadia University. The closing session will have former State Water Resources Minister Mahendrajee Singh Malviya as the Chief Guest and retired IFS officer Indrapal Singh Matharu as the Special Guest. Prof. Shiv Singh Sarangdevot, Vice-Chancellor of Janardan Rai Nagar University, will preside over the session.

Organizing Secretary Dr. Vinita Rajpurohit mentioned that prominent national speakers and experts will participate, including Prof. Vivek Vijay from IIT Jodhpur, former Vice-Chancellor of Gautam Buddha University Noida, Prof. B.P. Sharma, member of Gujarat Government's Tribal Advisory Council Dr. Jayanti Bhai Chaudhary, founder of Shivganga Mission Jhabua Rajaram Katara, retired Assistant Conservator of Forests Satish Sharma, retired Secretary of Public Works Department M.L. Verma, social thinker Banshilal Katara, Principal of Vidya Bhavan

Polytechnic College Anil Mehta, and Dr. Shailendra Somani, Trustee and Director of MDS Group of Schools.

Pawan Trivedi of the newly formed Aravali Vikas Manch stated that this would be the forum's first event. The primary aim is to prepare a vision document focusing on the heritage, development, policy-making, and public participation in Southern Rajasthan. Additionally, it seeks to identify the potential, challenges, and solutions for developing Mewar-Wagad by 2047.

RTU & NIMS Seal Collaboration with MOU Signing Ceremony

In a significant development for academic collaboration, Rajasthan Technical University (RTU), Kota, and NIMS University, Jaipur, have come together for a Memorandum of

Understanding (MOU) signing ceremony, marking a new chapter in their partnership. The event, held on May 15th in Jaipur, witnessed the commitment of both universities towards mutual cooperation, joint programs, and skill development.

Mr. Vikram Rathore, RTU's Deputy Director of Public Relations, revealed that both institutions had agreed upon

mutual cooperation, joint programs, and the exploration of limitless opportunities for educational development and research. Strengthening bilateral relations and enhancing academic cooperation were emphasized, with a focus on education, skill development, deep technical research, and mutual interest in various areas for the benefit of students and faculty members.

Farewell Ceremony for Third Year Students at B.N. Faculty of Management

Udaipur: A farewell ceremony was organized for the third-year students of the Faculty of Management at Bhalpal Nobles University. The event commenced with the lighting of the lamp before Goddess Saraswati by Dr. Rajni Arora, the Director of the Faculty of Management, who also blessed and encouraged the students.

The ceremony was graced with well-wishes for its success and the students' future from Dr. S.S. Sarangdevot, the Acting President of B.N. Institution and Vidya Pracharini Sabha; Dr. Mahendra Singh Agaria, the Secretary; and Mr. Mohabbat Singh Rathore, the Managing Director. The students performed a variety of vibrant presentations, expressing their gratitude towards their seniors and setting a lively atmosphere.

The event was attended by several dignitaries, including Dr. Shubhi Dhakad, Dr. Sutikshan Singh Ranawat, Dr. Rahul Khanna, Dr. Manoj Sharma, Dr. Anjali Goyal, Dr. Dimple Singh Gaur, Dr. Pooja Nandwana, and Meenakshi Rathore.

NIMS University and Vanillakart Forge Path for Industry-Aligned Skill Enhancement Certification

Jaipur: Faculty members from NIMS University, Jaipur, recently engaged in a productive dialogue with Farheen Sayed, Director of Vanillakart, to explore collaboration opportunities for a "Skill Enhancement Certification" course. Guided by Professor Amerikaa Singh, Advisor of NIMS University Jaipur, the interaction aimed to develop a comprehensive program aligning students' skills with industry needs.

During the session, Farheen Sayed shared insights on industry evolution and the importance of practical training in academic curricula. Led by Professor Amerikaa Singh, the faculty brainstormed ideas to blend theory with hands-on experience in the curriculum.

The proposed certification course aims to narrow the gap between academia and industry by providing specialized training in vital areas. Through Vanillakart's collaboration, NIMS University intends to offer students access to cutting-edge resources, industry mentors, and practical projects.

Professor Amerikaa Singh stressed the importance of skill enhancement for students' competitiveness in the job market. By partnering with industry leaders like Vanillakart, NIMS University aims to provide practical experience and expertise in high-demand fields. The collaboration underscores both institutions' commitment to promoting experiential learning and industry-relevant skills.

Students will gain certifications recognized by industry players, boosting their employability. As the collaboration progresses, NIMS University continues its dedication to holistic education, preparing students for a dynamic professional world. Under Professor Amerikaa Singh's guidance, the Skill Enhancement Certification course aims to set new benchmarks for industry-academia partnerships.
