

# SPSU Shines Bright at IIF-2025

**Udaipur(Shabnam Bano)** :The IIF-2025 Small Industries Expo became a vibrant platform for Sir Padampat Singhania University (SPSU) to demonstrate its commitment to providing cutting-edge education and innovation. SPSU's engaging stall and interactive activities drew significant attention from students and parents, establishing it as

a key attraction at the event. One of the highlights was a roundtable discussion led by A. Sanjeev, Director of Admissions at SPSU, where he interacted with eminent personalities and the audience. The discussion focused on the university's mission to deliver quality education, foster innovation, and equip students with industry-relevant

skills. Speaking on the occasion, Sanjeev stated, "At SPSU, we strive to create a perfect blend of academic excellence and practical exposure to prepare our students for the future." The SPSU stall stood out with its interactive design, showcasing the university's state-of-the-art infrastructure, advanced laboratories, and global collaborations.

Visitors were introduced to SPSU's offerings, including technology-driven education, career-oriented programs, and an emphasis on holistic development.

**Why Choose SPSU?**  
**Industry-Focused Curriculum:** Equipping students with practical skills and industry readiness.  
**Modern Facilities:** Cutting-

edge infrastructure for a seamless learning experience.

**Skill Development Programs:** Promoting innovation and entrepreneurship.

Through its remarkable presence at IIF-2025, SPSU reinforced its position as a hub for quality education and a preferred choice for aspiring students seeking a future-ready learning environment.

## Successful Treatment of Rare Disease "Abernathy Malformation" at Geetanjali Hospital

**Udaipur:** Master Bhavesh, a 13-year-old boy from Udaipur, was successfully treated at Geetanjali Hospital for difficulty in breathing and extreme weakness.

Upon thorough examination, it was discovered that he was suffering from the rare condition called "Abernathy Malformation." In this condition, blood from the intestines bypasses the liver and directly enters the heart, leading to increased ammo-

nia levels in the body, which can cause failure of both the liver and heart.

Dr. Ramesh Patel and his team performed the surgery, identifying the malformation through a vein in the leg and closing it with a device. Post-operation, Master Bhavesh's oxygen levels improved, and his heart's pumping capacity also became better.

This is the first time in South Rajasthan that such a complex and

rare disease has been successfully treated. Geetanjali Hospital provided free treatment to Master Bhavesh, as he came from an underprivileged family, demonstrating a humanistic approach.

Geetanjali Cardiac Centre is always ready to handle such complex treatments, and Geetanjali Medical College and Hospital has been providing world-class services under one roof for the past 17 years.

## "Connecting with Oneself: The First Step to Connecting with Family" - Dr. D.N. Vyas

**Bhilwara:** Sangam University's Entrepreneurship and Skill Development Center, in collaboration with the National Institute of Social Defense and the Ministry of Social Justice and Empowerment, hosted the fourth workshop in a series promoting inter-generational relationships. The initiative aimed to foster understanding and collaboration between youth and the elderly.

The event began with a lamp-lighting ceremony by Vice-Chancellor Prof. (Dr.) Karunesh Saxena, Pro Vice-Chancellor Prof. (Dr.) Manas Ranjan Panigrahi, and Registrar Prof. (Dr.) Rajeev Mehta. Dr. Manoj Kumawat, in his address, highlighted societal issues like growing isolation and alarming trends among youth.

### Keynote Address by Dr. D.N. Vyas

Dr. Vyas emphasized that wealth lies in relationships, not money, urging youth to bridge social divides and contribute to nation-building, inspired by Swami Vivekananda.

### Sessions on Generational Gaps and Family Unity

Prof. Karunesh Saxena stressed youth's role in connecting the wisdom of the past with the future, while Prof. Panigrahi highlighted the family as the foundation of knowledge exchange. Dr. Neha Sabharwal demonstrated teamwork's role in strengthening families.

Students received certificates for their participation, and faculty members, including Dr. Tanuja Singh and Dr. Sanjay Kumar, played active roles. The event concluded with a vote of thanks by Dr. Rameshwar Raikwar.

## Aishwarya College Honors Students with Merit Awards

Aishwarya College organized the Aishwarya Merit Award Ceremony on Swami Vivekananda Jayanti, honoring over 50 students for their academic achievements. Distinguished guests, Prof. Dr. Maheep Bhatnagar and Dr. Nirmala Sharma, delivered inspiring speeches on the importance of hard work and education. Dr. Ritu Paliwal, Principal of Aishwarya PG College, emphasized the role of youth in shaping the nation's future. The event also featured a cultural performance by student Roshni Chundawat. Participating schools included Maharana Mewar Public School, Guru Nanak Public School, and others. The ceremony, hosted by Diksha Suthar and Chirag Trivedi, concluded with a heartfelt vote of thanks.

## Paras Health Treats Rare Brain Tumor

**Udaipur:** Paras Health successfully treated a 16-year-old boy with a rare brain tumor, a colloid cyst, causing severe headaches, fainting, and seizures. Affecting just three in a million people, the tumor obstructed cerebrospinal fluid flow, posing life-threatening risks. Complicating matters, the boy also had a congenital heart defect.

Senior Neurosurgeon Dr. Ajit Singh performed minimally-invasive surgery using advanced microscopy and endoscopy to safely remove the tumor near critical brain areas controlling memory and movement. Despite the high risk of complications like paralysis or memory loss, the procedure was successful, and the boy was discharged just two days post-surgery. Colloid cysts, though non-cancerous, can cause life-threatening issues if untreated. This case highlights Paras Health's expertise in advanced neurosurgery, offering hope to patients with complex conditions. Their precise techniques ensure safety, faster recovery, and a brighter future for patients and families.

## Dr. Tarun Dadhich Awarded Ph.D. Degree

**Udaipur:** Janardan Rai Nagar Rajasthan Vidyapeeth awarded Dr. Tarun Dadhich the Ph.D. degree.

Dadhich completed his research on the topic "Application of Teaching Analytics and Educational Data Mining for Enhancing Student Academic Performance" under the supervision of Dr. Dinesh Shrivastava from the Department of Computer Science and IT.

## South Delight Festival Brings Southern Flavors to Udaipur

Udaipur is set to host the South Delight Festival at Padmini Bagh Resort and Spa, organized in collaboration with Inventory Hotels and IIHM. This three-day event, inaugurated by Shikha Saxena, Deputy Director of the Tourism Department, offers a vibrant taste of South India through authentic cuisine and cultural performances. Guests will enjoy a variety of dishes from Tamil Nadu, Karnataka, Andhra Pradesh, and Telangana, including Chettinad curry, Kerala coconut-based delicacies, and Karnataka biryani, prepared live for an interactive experience. The festival also includes traditional South Indian performances like Bharatanatyam, Carnatic music, and Mridangam, providing a complete cultural immersion. Visitors can participate in activities, win exciting prizes, and enjoy a unique fusion of culinary delights and regional art forms. Open from 1 PM to 3 PM on January 11 and from 1 PM to 10 PM on January 12, the festival promises to enhance Udaipur's cultural and tourism appeal.

## Free Health Camp Benefits Sangini Group

Udaipur. Pacific Medical College and Hospital (PMCH) organized a free health camp for Sangini Main Group Udaipur, benefiting over 65 members and their spouses. Specialists conducted health check-ups, offering tests like ECG, X-rays, sonography, and mammography. PMCH Chairman Rahul Agarwal and Dean Dr. M.G. Varshney led the event, supported by hospital staff and camp coordinator Shankar Sukhwal. Group President Dr. Pramila Jain appreciated the effort, highlighting the contributions of Sangini members and PMCH teams.

## Resilient Personality Through Reflection: MLA Jain

**Udaipur:** The Rao Bahadur Thakur Raj Singh Bedia Memorial All-Rajasthan Hindi Debate Competition was held at Bhupal Nobles PG College. Chief guest MLA Tarachand Jain emphasized that reflection and contemplation build a resilient personality. He praised debates for fostering education and societal responsibility. University Chairperson Colonel Prof. Shiv Singh Sarangdevot stressed intellectual depth and logical presentation, while Secretary Dr. Mahendra Singh Agarwal highlighted the importance of communication for national progress. Winners included Divyanganana Ranawat (first prize, MLSU) and Hani Singh Rathod (second prize, BN College). Faculty of Education, BN University, won the "Chal Vajiyanti" trophy. Judges Dr. Raju Singh, Dr. Rajkumar Chaudhary, and Dr. Giriraj Singh Chauhan commended participants. The event, marking World Hindi Day, concluded with best wishes from dignitaries, including Managing Director Mohabbat Singh Rathod and Registrar Dr. N.N. Singh. Dr. Praveena Rathod and Dr. Reena Mehta efficiently conducted the program.

## Jay Eklingnath Organization Launches Beti Bachao Campaign

**Udaipur:** Shri Jay Eklingnath National Service Organization will launch its Beti Bachao-Beti Padhao campaign on January 15. The initiative includes adopting 11 daughters and distributing over 500 education kits to underprivileged girls in rural areas. Founder-president Shri Akash Bagdi announced that the campaign will initially be state-focused in Rajasthan, with plans for national expansion. The organization also plans to introduce a free ambulance service. Despite being formed just two months ago, it has already assisted financially struggling individuals and distributed nearly 6,000 education kits. The campaign's awareness will be raised through a YouTube channel.

## Tribute Ceremony Held for Lal Bahadur Shastri

**Udaipur:** On the death anniversary of former Prime Minister Lal Bahadur Shastri, a tribute ceremony was organized at his statue at Shastri Circle on Saturday. Pankaj Kumar Sharma, General Secretary and spokesperson of the Pradesh Congress Committee, led the ceremony by paying floral tributes. Sharma praised Shastri Ji as a true patriot and emphasized his enduring slogan, "Jai Jawan, Jai Kisan." He encouraged youth to embrace Shastri Ji's ideals for nation-building. Congress workers and local youth participated, reflecting on Shastri Ji's contributions and pledging to follow his path. Key attendees included Subhash Chitouda, Dr. Sandeep Garg, Bhupendra Singh Rathore, and several others. The ceremony concluded with a salute to Shastri Ji's legacy.

## Successful Cataract Surgery at PIMS Hospital Using Topical Phaco Method

**Udaipur:** Doctors at Pacific Institute of Medical Sciences (PIMS) Hospital, Umrada, successfully performed cataract surgeries using the topical phaco method.

PIMS Hospital Chairman Ashish Agarwal shared that a recent eye camp organized by PIMS in Sirohi revealed cataract in several patients. These patients were brought to PIMS Hospital in Umrada, where they underwent successful and free cataract surgeries using the topical phaco technique. The surgeries were carried out by the head of the Ophthalmology Department, Dr. Niti Singh, Dr. Sandhya Nagda, and their team members Dr. Pranshu Patel, Om Prakash, Nirmala, Shiv, and Anand.

## Organic Farming App Launched on Vivekananda Jayanti

**Udaipur:** Maharana Pratap Agriculture University launched the "Organic Farming" mobile app on Swami Vivekananda Jayanti, promoting sustainable agriculture. At the event organized by the Directorate of Student Welfare, Vice Chancellor Dr. Ajit Kumar Karnataka, and

ICAR's Dr. Shanti Kumar Sharma highlighted Swamiji's ideals of dedication and tolerance.

Developed under the National Agricultural Development Scheme, the app provides information on organic inputs, bio-pesticides, and fertilizers, enabling farmers to reduce costs and adopt sustainable practices. Dr. S.K. Sharma credited Swamiji's teachings for his success, urging youth to follow his path. The app, a six-year project by university experts, empowers farmers, students, and officials with digital tools for organic farming. Dr. Arvind Verma emphasized its role in making farmers self-reliant. The launch ceremony also included tributes to Swamiji and insights into his impactful life, inspiring attendees to contribute to national progress.

## Exhibition Showcases Rajasthan's Geological Wealth

**Udaipur:** The Geology Department of Bhupal Nobles Postgraduate College organized an exhibition highlighting Rajasthan's geological heritage. The event featured ancient Aravalli rocks, fossils, minerals, and geological models, offering insights into Earth's processes and natural resources. A segment focused on Rajasthan's limestone, quartz, and sandstone formations.

Chief Guest Dr. N.K. Kawadia inaugurated the event alongside dignitaries, including Dr. P.K. Vardia and Dr. Vinod Agrawal. Highlights included fossil identification and geological structure demonstrations. Students from various schools participated enthusiastically, with Lakshita Chauhan winning first prize. Managing

Director Mohabbat Singh Rathore emphasized the exhibition's role in fostering scientific curiosity.

## Youth Conclave Explores NEP 2020's Role in India 2047

On Swami Vivekananda Jayanti, a Youth Conclave was held at the Government Public Mandal Library, Kota, focusing on "Developed India 2047 through Youth Dedication: Role of National Education Policy 2020." The event brought together young minds to discuss how NEP 2020 can contribute to building a developed India. Keynote speaker Professor K.B. Bhartiya, along with Chief Guest Raju Gupta and Special Guest Nand Bihari Malav, highlighted NEP 2020's impact on youth empowerment, self-reliance, and global competitiveness. Bigul Jain, the event's president, emphasized how youth can harness NEP opportunities for personal and national growth. The event, anchored by Ram Niwas Dhakad, left a lasting impression on all attendees, with praise for its inspiring message.

## "Mastano Ki Toli": Inspiring Young Minds

Renowned author Dr. Vimla Bhandari presents "Mastano Ki Toli", a delightful collection of twelve short stories that combine entertainment with valuable lessons. Stories like "Kacchi Paudh" teach the importance of preserving nature, while "Lapata Hua Packet" highlights empathy and avoiding food waste. Other

engaging tales, such as "Dosa Ne Badli Aadat" and "Saap Ki Kechuli", convey moral values through relatable scenarios.

With its vibrant cover, charming illustrations, and fun activities, this 64-page book captivates young readers. Dr. Bhandari's thoughtful storytelling introduces children to empathy, values, and a deeper understanding of the world.

## Harshvardhan Singh Shaktawat Wins Double Silver Medals

Udaipur's Harshvardhan Singh Shaktawat won two silver medals in Canoe Kayaking at the 2025 Asia Cup in Hong Kong. He claimed silver in both the K1-1000 meters and K1-200 meters events. Harsh, who began swimming at age 11 and transitioned to canoe kayaking, has earned 14 national and 2 international medals. His success highlights India's growing prominence in the sport, with strong support from his family and coaches.
